MISS BROWN SURE OF RE-ELECTION TO EDUCATION BOARD

Record of Popular Candidate Discloses Splendid Work Done for Oakland's Schools

The election for commissioners and school directors to be held next Tuesday is engaging the attention of the voters. Although considerable interest is centered about the re-election of the two councilmen, the people are taking a more vital interest in the contest among the school directors, and especially in the candidacy of Miss Annie Florence Brown.

Miss Brown stands in a class by herself among the candidates. Her re-election is practically assured, as she has the endorsement of practically all the women's clubs, and of all the civic and educational organizations in the city. Candidates come and go in elections, but among them it is rare to find a woman of the splendid qualifications and rare abilities, which characterize Miss Brown, willing to enter public life and give her time and energy to the service of the public.

When the new city charter went into effect, making women eligible to sit upon the board of school directors, friends of Miss Brown urged her to serve as school director. Many opposed the idea, as they were opposed to the idea of a woman member of the board of education. Miss Brown consented to run. She was elected by a strong majority.

BELIEF IS JUSTIFIED.

The belief in her ability and faith in her promise to give good service to the city have been amply justified time and again in the past two years. Miss Brown has been the moving spirit in almost every reform that has been established by the board of education, and has made that body respected by the people as it had never been before. She has brought the school board into intimate touch with the lives of the people, and has made the schools of Oakland an integral part in the building of good citizenship.

The reforms and betterments that have been accomplished through the influence of Miss Brown could not have been accomplished through any other agency than that of a magnetic, fine-spirited woman, such as this member of the board of education. No man could have realized the needs which had been crying for attention for years as Miss Brown realized, and few women could have voiced them with such clarity, or brought about the response from the other members of the board of education as she accomplished this task.

Miss Brown was well fitted by her training to take up the work of bringing a new spirit of helpfulness and efficiency into the work of the school board. Educated in the schools of California and a graduate of the

State University, she had the theoretical knowledge to qualify her for her task and made her work on the school board scientific, while her warm-hearted interest in the lives of the children made it possible for her to raise the dry science of pedagogy to a working plan of conduct of school affairs.

KNOWS SCHOOL WORK.

In addition to this Miss Brown was for several years a member of the faculty of the Oakland high school, and had an intimate and close knowledge of local affairs. Her abilities and interests were rounded out by two extended trips to Europe, during which she made a study of continental school affairs.

Miss Brown entered upon her work on the school board filled with energy and a determination to give of her best to the service of the schools in the interests of the citizenry of the future. She found many affairs in need of reform, and with a courage that deserves the highest praise, she often fought a single-handed fight against all the other members of the board when she believed that she was right.

Among the reforms that she caused to be made was that of paying teachers for time lost through sickness. The method of paying teachers in the past has again and again worked unnecessary hardship upon members of the school faculties. Miss Brown instituted a plan by which these hardships were alleviated, and thereby added to the efficiency and loyalty of the Oakland teaching force.

REORGANIZES BOARD.

The most radical and significant reform that has been put into effect in the past two years was the reorganization of the school board to bring about a separation between the strictly pedagogical functions of the officials and the business and financial side of the administration of affairs.

It was recognized that affairs were going badly with the school board. Superintendent of Schools J. W. McClymonds had under his direction the handling of the curricula of the schools, the sanitation of the schools, the employment of teachers and janitors, the purchase of supplies, the selection of desks, the advertising for bids, and a thousand and one details which made his task a complex and impossible one for one man to handle, even with the assistance of a board of school directors who met for an hour or so twice a week.

Miss Brown was not long in realizing the futility of this intermingling of affairs educational, financial and

HIGHER-UPS IN TONGS HIDING

Nine Chinese Indicted Last Night Have Left for East, Is Belief of Police

List Includes Presidents and Secretaries of Tongs and Secretaries of 6 Companies

SAN FRANCISCO, April 9.—Nine Chinese indicted last night by the grand jury for murder are fugitives from justice, including the presidents and secretaries of the warring Bing Kong and Sui Sing tongs, and the secretary of the Six Companies, the most powerful commercial organization in America. Efforts to serve them today with warrants were fruitless. The detective bureau believes they left for the East last night.

Spurred to action by the latest Chinese tong murder, the police here made a series of the most important arrests ever made in Chinatown. Even as the grand jury was deliberating last night on tongs and their ways there was committed in Oakland the tenth murder in the Bing Kong-Sui Sing war.

WARRANTS ISSUED.

Today the police began service of eighteen warrants, called for in indictments charging murder returned late last night by the grand jury which found bills against Wong Jim, secretary of the Chinese Six Companies, the most powerful Chinese mercantile organization in America, Yon Doo King, president of the Bing Kong, Louie Quong, secretary of the tong; Chan Shee Ping and Chin Ling, respectively president and secretary of the Sui Sing tong.

Nine of the indicted were under arrest when the indictments were returned and were scooped in during a raid after the murder of Lee Quong Sing, Sui Sing man, on March 31. Lee, who was past 70 years old, was shot in the back as he was entering a restaurant by two highlanders who made a running fight against the police in a crowded street in broad daylight. One passerby was seriously wounded in the exchange of shots.

OAKLAND MURDER.

The man killed last night was Lee Hong, a Bing Kong man, who was shot six times through the chest the minute he poked his head from the room where he had been hiding for six weeks. The man of murder was shot in the back as he was entering a restaurant by two highlanders who made a running fight against the police in a crowded street in broad daylight. One passerby was seriously wounded in the exchange of shots.

Town Makes Quick Wet and Dry Changes

Modesto Permits Saloons by 43 Votes After Eight Months' Drought.

MODESTO, Cal., April 9.—Complete returns today from the election yesterday show that the town went wet by 43 votes, having gone dry eight months ago by 40 votes. The total vote was: Wet, 1195; dry, 1061.

When the town went dry there were 15 saloons. There will now be from 15 saloons, two hotels, and two or three restaurants privileged to sell liquor. Restaurants may sell wine or beer with meals, but not distilled spirits.

Saloon selling liquor across the bar must pay \$1600 a year for a license. A city ordinance forbids any alcoholic beverages, boxes, cards or shaking discs.

Declares He Will Not Tolerate Change in Tariff Program

WASHINGTON, April 9.—President Wilson announced early today that he would meet the Democratic members of the senate finance committee in the President's room at the capitol at 3 o'clock this afternoon to talk about the tariff.

The pivot of tariff reform, it is generally recognized, will be the senate, where the Democratic margin is small and where opposition to certain schedules already is apparent. When Wilson last discussed with the senate Democrats of the finance committee the methods of tariff reform, they argued as a unit for splitting the bill into separate schedules, assuring him that wide attention would be focused on each schedule and that agreement among senators might be eliminated.

The President's first tendency, and in this he was counseled by Representative Oscar Underwood, the Democratic majority leader, was to favor a single measure, but since the main features of the bill, became known there have been evidences of opposition from senators who oppose free wool and the removal of all duty on sugar in three years.

Intimations have come from the White House that the President is

POPE PIUS' CONDITION BETTER

Fever Goes Down and General Improvement Observed by Vatican Physician.

Weak and Depressed, However, and Thunderstorm Greatly Disturbs Pontiff

LONDON, April 9.—A Central News dispatch from Rome says the pope suffered a fainting fit lasting two hours this afternoon and it was rumored in the lobbies of the Italian chamber of deputies that the pontiff was in extremis. Professor Marchisafava, however, continues to assert that the pope is no worse and that there are no grounds for anxiety.

ROME, April 9.—Pope Pius' condition for a short time this afternoon. When he was awake he appeared to feel too weak to take much notice of those around him. He smiled, however when he was visited by his sisters and his niece, who sat in the sick room for some time without disturbing him.

CONDITION IMPROVED.

ROME, April 9.—The condition of the Pope was much improved today. Prof. Marchisafava, the Vatican physician, visited the Pontiff for over an hour this morning and found his fever greatly reduced. His temperature was only slightly above normal, but he still suffered great depression and weakness.

Prof. Marchisafava's examination of the Pope was of a most minute character. He declared afterward there was a noticeable improvement in the Pontiff's general condition, but stated that the relapse suffered yesterday did not yet appear to be on the decline. Three thousand pilgrims gathered in the course of the morning on the Piazza di San Pietro in front of the Vatican under the open windows of the Pope's apartments and prayed for his recovery.

DISTURBED BY STORM.

A thunder storm this morning accompanied by a heavy fall of hail disturbed the Pope. His nervous system became very sensitive since the beginning of his illness.

Prof. Marchisafava assured the Associated Press that his Holiness is suffering "only from a relapse of influenza which, like all relapses is causing a certain amount of anxiety owing to the exalted position of the patient and his great age."

The reports as to the Pope being acutely affected with nephritis or in-

Initiative Threatened Should Washington Interfere With Legislation

WASHINGTON, April 9.—President Wilson let it be known today that the federal government would not interfere with pending legislation in California, by which aliens who have not declared their intention of becoming naturalized as American citizens are prohibited from owning land or property. He communicated this informally to Representative Raker.

Though the measure is aimed primarily at the Japanese the fact that it makes no discrimination of race in its contents as well as the desire of the President not to interfere with the sovereignty of the state has precluded any action by the federal government at this time.

GIVEN ALTERNATIVE.

The President was told by Raker that the people of California would enact the law through the initiative and referendum and that he left it to them. He declared the sentiment was five to one in favor of the law. The President's position had been merely that of an inquirer for information, following protests by the Japanese government. Representative Raker had shown the President a telegram from J. B. Sanford, a leader in the Senate of California, stating that the federal government should not interfere with local affairs. The President's decision today, Raker said, would find approval in California.

SOVEREIGNTY OF STATE.

President Wilson told Raker the whole question touched the sovereignty of the state and that he left it to California to make such laws as it deemed advisable for itself, with the hope, however, that no law would be passed which was in conflict with any treaty obligation of the federal government.

It is believed that the protest of the Japanese government will be held in the state department until the legislation actually passed. Then the constitutionality of the measure may be tested in the United States courts by Japan residents in California.

TOKYO, April 9.—Widespread irritation has been aroused in Japan by the proposed anti-Japanese legislation.

BAKER TO PLEAD GUILTY IS HINTED

Accused Man to Wind Up Affairs

SAN FRANCISCO, April 9.—Looking wan and haggard after a sleepless night in the Alameda county jail, Charles F. Baker of Oakland, former assistant cashier of the Crocker National bank, was taken into the United States district court today.

The chief development of importance resulting from the session which followed Baker's entrance in custody of Deputy Marshal Frank Kernan was the intimation that the aged banker would plead guilty within the next few days to the 40 counts charging him with embezzling the funds of the financial institution of which he was an officer. The accused man would wind up his affairs and his attorneys hinted he will then be ready to face the court and take his sentence.

PROCEEDINGS BRIEF.

The proceedings today were brief. Attorney Charles L. Shurtliff, counsel for Baker, addressed the court immediately when his client's case was called.

Mr. Baker desires time in which to arrange his business affairs, if your honor please," began the attorney. "We would therefore ask that the matter of entering a plea be continued until next Monday."

"Monday I will be in Sacramento,"

Nicholas to Abdicate if Powers Use Force

LONDON, April 9.—King Nicholas of Montenegro has arranged plans to abdicate his throne if force is employed by the European powers against his little kingdom.

The arrangements for this action were made by King Nicholas in consultation with King Peter of Serbia. The agreement provides that King Nicholas shall abdicate and with his family quit his country. Montenegro will then effect a union with Serbia, while King Nicholas and his family under provision from the civil list will reserve a right of succession to the Serbian-Montenegrin throne.

ST. PETERSBURG, April 9.—The press of police issued today a drastic order prohibiting meetings of all kinds and also street demonstrations likely to disturb public tranquility.

administrative, and she started a fight for better methods. She pointed out that the relation of the school board to school affairs was a cursory one, and that McClintock did the business but that by the very nature of things he could not give to all the various and sundry affairs under his direction the necessary attention. She recommended a segregation of duties.

WINS HER FIGHT.

But the fight made by Miss Brown proved useless for several weeks. It was not until her sharp criticism of every vital mistake that was made brought the ridicule of the public upon certain school board affairs that her fellow-members consented to attempt a reform.

The fight had been started, and could have been made a partisan affair. Miss Brown realized that interminable warfare might spoil the prospect for real reform, and by a stroke of statesmanship asked that the matter of making changes be referred to the civil service board. Through this move the warring sides were given an opportunity to bury their differences, when a comprehensive plan of reconstruction was recommended by the civil service board.

The reconstruction has proved an excellent reform and for it the schools and the people have mainly to thank Miss Brown.

Miss Brown encouraged the mothers' clubs to take a more active interest in the work of the schools, and in all important affairs having to do with the schools and the children.

feated in the present session on the issue of tariff reform will go before the people of those states whose representatives in both houses of congress have thwarted the party program, and appeal in the primaries for the election of November, 1914.

PRESIDENT IS BUSY MAN.

The President had a busy schedule of engagements before his departure for the capitol. Beginning at 9 o'clock, when he devoted an hour to his correspondence, he saw a series of callers at 9-10 o'clock, among them many members of congress.

A 2:30 he was to greet in the east room more than 500 school teachers; also Bishop Collins Denny of Richmond, Va., and Bishop E. H. Hoag of Nashville, Tenn., of the Methodist Federation Commission, in session here, and Robert S. Hyer, president of the Southern Methodist University of Dallas, Texas.

The President expected to leave the White House at 2:30, devoting the remainder of the afternoon, if necessary, to the conference at the capitol.

House Progressives Get Down to Work

WASHINGTON, April 9.—The executive committee of the House caucus today, following a conference with members of the legislative committee of the national progressive party.

The House progressives met with Walter Weyl, Dean Lewis of the University of Pennsylvania, Paul Keating and Francis Kollar, and reviewed the ambitious legislative program outlined by the House members of the party.

House Democrats Caucus on Tariff

WASHINGTON, April 9.—House Democrats caucused again today on the tariff bill, after the majority of the ways and means committee had met to formulate a tariff program for submission. The caucus was adjourned until tomorrow to give a full day for the majority to map out the lines for the work appointed. The caucus will be succeeded by others on each day for several days, and will be secret. A fight, backed by the moral support of President Wilson for an open caucus was lost last night.

To some extent the House may be influenced by the Senate on the question of dividing the tariff bill for passage into schedules. Some Democratic senators favor this, so that separate votes may be had on the sugar and wool propositions. It is believed President Wilson is still open for conviction on those points. It is thought he is inclined toward Chairman Underwood's idea of a single bill.

CANDIDATES NAMED.

WASHINGTON, April 9.—Henry C. Breckinridge of Lexington, Ky. is slated for secretary of war and William H. Osborne of Greenboro, N. C., for commissioner of internal revenue. This information came today from the White House though their nominations had not yet been prepared.

JAPAN ANGERED AT ANTI-ALIEN BILLS

Boycott on Panama-Pacific Exposition Is Now Threatened.

(Continued From Page 1.)

In California, Commercial men threaten to boycott the Panama-Pacific Exposition unless the objectionable bills are withdrawn.

It is stated that Viscount Chinda, Japanese ambassador to the United States, has made representations to President Wilson and Secretary of State Bryan and the Japanese foreign office is optimistic and believes that a satisfactory solution will be found.

The executive committee of the National Liberal party adopted a resolution today urging the governments of Japan and the United States to prevent the passage of the California land ownership law, before the serious effect it will have on the interests of the two nations and on their relations.

Hands Off State Fight Is Warning

SACRAMENTO, April 9.—Congressman Raker, at Washington, has been co-operating by telegraph with Senator Sanford here, in connection with meeting and answering the protest of Japan to the State Department against the enacting of the California land ownership law, before the California legislature. In reply to a message from Raker notifying Sanford of Japan's action, the Senator replied: "People demanding enactment of alien law. If legislature refuses people will resort to the initiative. Issue must be met. Must meet it now. Government should not interfere with our local affairs. It is a matter of state rights. Hands off at Washington. We will handle situation. Senate will vote on one in favor of alien land law. Japanese own over 50,000 acres of land and lease 400,000. Ratio of increase over 600 per cent."

RAKER REPLIES.

Congressman Raker responded as follows: "Rush by telegraphic letter at once following information: First—Number of Japanese in California from Asiatic league latest investigation. Second—Some information from best source otherwise obtained. Third—Same as to Chinese. Fourth—Same as to all other Asiatics, including Hindus. Fifth—Give land holding of each above named and the increase there, in within the last two years. Sixth—The same as to real estate holdings and lease holdings. Seventh—Has picture of brides ceases? If so, when? Eighth—The number of picture brides who arrived within the last two years. Ninth—Have the Japanese entered in practically all the trades? Give the above in detail and as full as possible."

JOHN S. RAKER, M. C.

Senator Sanford is now busy assembling the information desired.

GAVE HIS WIFE \$50 SINCE 1911

Mrs. Manaton Says Husband Lives on "Lazy Basis," Gets Decree.

SAN FRANCISCO, April 9.—On her allegation that since their marriage, in October, 1911, her husband had given her only \$50 and that she has lived on her own resources ever since, Jennie Hardin Manaton, whose fondness for auto spreading has won her considerable fame, was yesterday granted an interlocutory decree of divorce from William H. Manaton by Judge H. A. Garford, sitting in Judge Mogan's department. Mrs. Manaton, who told the judge she was 19, was given the right to use her maiden name. She asked no alimony.

When questioned by the court, the plaintiff said her husband did not care to work and that he managed life on a "lazy basis" by living with his two sisters at Palo Alto. "They are well able to take care of him," she added.

The plaintiff was corroborated in her testimony by her mother, Mrs. Belle Easton. Mrs. Manaton's fondness for high speed reached its climax December 26, 1911, when she was arrested by a motorcade policeman near Berkeley. It was alleged that she was trying to outspeed Howard Cookson, a Stanford student, who had a machine which he thought was a monarch of the road. Cookson was also arrested and the comparative merits of the two machines was never determined. Mrs. Manaton is a great-granddaughter of Thomas Hopper, a millionaire landowner of Sonoma county.

Manaton has won some fame on his own account by being associated with ex-Senator Black in the Palo Alto Mutual Building and Loan Association.

WASHINGTON, April 9.—The National Geographic Society announced today that it had voted \$20,000 to the Norwegian Polar Expedition, which will leave the Pacific Coast under command of Captain Roald Amundsen in June, 1914, to explore the Polar basin. The vast tract lying between the northern shores of Canada and Alaska and the Asiatic coast is Captain Amundsen's objective territory, but he expects also to attain the North Pole.

The voyage, it is expected, will require 4 years drifting in the polar ice.

members of the coroner's jury sitting in the case of Lee Sing, the Guay Sing highlander killed last week, together with Consul General Li Yung Yow, Chief of Police White, District Attorney Leland and several members of the Chinese Six Companies, held a party in the office of the prosecuting attorney at 11 o'clock this morning. Coroner Leland's determination to sift the matter to the bottom led to yesterday's postponement of the inquest and today it was decided to hold a part of it behind closed doors in District Attorney Fickert's office. Attorney John L. McNeil, of the federal court informed the Chinese consul that the tong wars would have to stop. He declared that the Six Companies, who have been fixing peace negotiations in the past, principally through the payment of money to the police, would have to cease their activities. He intimated plainly that the tong wars could be stopped by the Chinese themselves if a determined effort was made.

WHO WARNED THEM?

How the Chinese under indictment got word that they were wanted by the morning papers had the news is a mystery. Detective McPhee, who is supposed to know as much about Chinatown as anybody, said today that several of the fugitives had been missing for three or four days. It was not possible to arrest them because there was no charge against them. But five of the nine, including all the prominent tong officers, were reported last night. The police acknowledge that it will be hard to find them.

Lee Hung was shot down ruthlessly from behind, four shots taking effect in his back and shoulders before he turned and faced his assailant. He received two shots from the front, one in the abdomen and one high on the left side of the chest.

Lee Hung was taken to the Receiving hospital, but died without regaining consciousness. Ko Fook was taken to the hospital to be identified by the dying man, but Lee Hung died before he could be confronted with the suspect.

Inspectors Richard McSorley and William Emigh questioned the suspect this morning, but obtaining nothing in the way of an incriminating statement. Ko Fook was questioned through an interpreter. He declared that he had run from the building when he heard the shooting.

Ko Fook was captured when he ran from the front entrance of the lodging house. The revolver believed to have been used in the murder was found in a refuse barrel at the rear of the place by Geo. Lee, janitor of the building, and turned over to Patrolman Connelly. It was a .32 caliber police positive and contained six empty cartridge shells.

## Could Not Sleep on Account of Kidney Trouble

I have been a resident of Coudersport for thirty years. My age is 53, and I want to testify to the wonderful results of the use of Dr. Kilmor's Swamp-Root. I have used it off and on in my family for the past twelve years, and always with immediate benefit.

About two years ago my husband had a severe attack of kidney trouble, was unable to sleep and suffered great pain. Could eat no breakfast and became very thin in flesh. After he had taken half a bottle of Swamp-Root he felt much better. The pains in his back, left him and his appetite returned. I have never doctored with the doctors because of my faith in Swamp-Root.

I heartily recommend it to anyone in a rundown condition from trouble with the kidneys.

Yours very truly,

## WESTENBERG PRAYS; GUILTY

Criminal Libel Charge by Chief Petersen Proven at the Police Court Trial.

Following the conviction last night in four minutes of J. C. Westenberg, missionary and vice crusader, on a charge of criminal libel, notice of appeal of the case to the high courts was given by Robert Burns, attorney for the defendant. The jury received the case shortly after 5 o'clock last night, and it took about four minutes to bring in a verdict of guilty. The case required over a week.

The case was cleverly conducted by Prosecuting Attorney Ezra Decoto. Former Attorney General W. H. Hart, Robert Burns, J. P. Montgomery and Miss M. A. Ross were counsel for the defense. Westenberg was found guilty of criminal libel against Chief of Police Walter J. Petersen. He will be sentenced tomorrow.

Westenberg and his women adherents, who crowded the lobby of the courtroom, prayed during the hearing of the case and while the jury was deliberating.

## AUTO ASSOCIATIONS CEASE HOSTILITIES

LOS ANGELES, April 9.—A cessation of hostilities between the newly organized Western Automobile Association and the parent organization, the American Automobile Association, was tendered today by mutual concessions made by representatives of the W. A. A., and by William Schimpf of the A. A. A., who have been in conference in this city.

The two bodies have been in discord since the Western Association was organized four months ago. It was said today that harmony would be insured if the A. A. A. would agree to the W. A. A. having limited control over racing events. This was said to have been proposed as an ultimatum by the W. A. A.

## OAKLAND'S ADVANCE SHOWN IN LEASES

Two Large Concerns Engage in Business as Direct Result of Recent Growth.

A very significant indication of the growth of Oakland as an industrial and factory center is seen in two leasing transactions negotiated this week.

One is the leasing of a large warehouse on the corner of Fifth and Cypress streets to the "Contractors and Builders' Supply Company," a new corporation just formed. The principal stockholders are Charles F. Allen and A. Hagenson, capitalists from Tacoma, Wash., who were attracted to Oakland by the remarkable building record of the past year. Besides holding several valuable building material patents, the company will engage in the manufacture and distribution of lumber products and all construction materials. The lease is from E. S. Padgett for a period of five years at a gross rental of about \$12,000.

Another transaction of unusual interest is the leasing of the entire block bounded by Pine and Cedar and Ninth and Tenth streets to the Alameda County Fruit Co., a new concern that will engage in the fruit packing business on a very large scale, principally for export business. It is understood that the lease is for a period of ten years at a gross rental of about \$27,000.

Commenting on the deal, Herman Ritz, general manager for the Layman Real Estate Company, who negotiated the lease, said: "The Alameda County Fruit Company is backed by very strong Eastern and local interests in the fruit packing industry. It is interesting to note that because of their export business they selected a site right on the edge of Oakland's new western waterfront, where they will be able to receive fruit shipments by rail from the interior fruit sections and reship by water with a minimum haulage charge. The concern estimates that in season they will have a payroll of about seventy-five employees."

## MORGAN'S BODY TO LIE IN STATE

Will Be Placed on Bier in the Madison Avenue Home.

NEW YORK, April 9.—The body of J. P. Morgan will lie in state from the time of his arrival on the liner Franco on Friday until Monday morning in the red room of his Madison Avenue home, where the financier met his directors and transacted the greater part of his business in recent years.

The room, which is on the thirty-sixth street side of the house, opposite the library, is 35 by 40 feet, and is built of walnut stone with red Turkish carpets and hangings. The casket will be placed on a funeral bier under the portraits of Morgan, and that of his son, John Pierpont, who succeeded him.

Mr. Morgan's favorite flowers, deep red roses and American Beauties, will be used exclusively to adorn the room while the body is lying in state. No set floral pieces will be placed in the room, but hundreds of roses will be scattered about in vases and jars in the home-like simple fashion that Mr. Morgan liked best.

## FIERCE BATTLE AT BORDER RENEWED

Machine Gun Fire Near Naco Begins Early in the Day.

NACO, Ariz., April 9.—Machine gun fire between the federal garrison of Naco, Sonora, and the constitutionalist forces opened at 3 o'clock this morning. The attacking party, however, remained at a distance. Ojeda's federal troops had expected a vigorous assault at daybreak, but the rebels apparently were not eager to renew the fighting after the encounter of yesterday.

Arrangements were being made today to bring more wounded to Naco, Ariz. It is reported that a large number of soldiers are lying helpless in the field suffering intensely through lack of medical care.

**YAKUS REFUSE TO FIGHT.**  
The Yaqui Indians, fighting with the Mexican constitutionalists against the Huerta government, refused to participate in a night attack on Naco. Their chiefs explained that if killed at night the Indian braves believed their souls would float through indefinite darkness.

The Yaquis did some of the hardest fighting yesterday. Seven Mexican soldiers were killed by the Ninth United States Cavalry patrol carried dynamite hand grenades, supposedly to assist in the early attack from the Arizona side of the line. Major Reed of the Ninth Cavalry, U. S. A., placed a row of railroad cars along the border, thus to lessen the danger to residents of the Arizona town.

**UNITED STATES PHYSICIANS AID.**  
As in previous Mexican border battles American physicians and volunteer nurses were not wanting. Two army physicians and a Naco doctor in army ambulances visited the state troops' camp to find more than fifty wounded soldiers un cared for on the field. The leaders would not permit their removal to the American side, where the federal injured are being treated. The civilian physician remained during the night, operating on the most serious cases.

## RICH MISSIONARY DIES IN CAIRO

Young Multi-Millionaire Who Studied for Ministry Is Stricken.

CHICAGO, April 9.—William A. Borden, the 25-year-old millionaire who put aside a life of luxury to become a missionary, died today in Cairo, Egypt, of spinal meningitis.

A telegram making this statement was received today by relatives here. Young Borden inherited his fortune. He took a theological course at Princeton and entered last September as a missionary at Moody Bible Institute in this city. He chose China as the field of his work, and was on his way there when illness overtook him. A brother, John Borden, who expected to start soon on a yacht for a hunting expedition in the Arctic, is said to have sailed for Cairo.

**PENGUINS FAR OUT AT SEA.**  
NEW YORK, April 9.—A dozen small penguins were seen swimming about 800 miles at sea by officers of the liner Franconia, which has reached port from Liverpool. None of the officers had ever seen penguins so far at sea before. They are not a flying bird, but swim and dive.

## SUNKEN DRIVERS RAISED FROM MUD

News From Local Waterfront Shows Harbor to Be Busy.

A large pile driver of the Danjels Construction Company came down on a submerged pile at a point between wharves Howard No. 1 and No. 2 late Tuesday night, resulting in the big driver having a hole stove in its bottom and sending it to the bottom of the bay. Wrecking pumps of San Francisco were brought into play on the stunken vessel but after several hours of ineffectual work gave up the attempt of raising it. The Oakland Launch and Tugboat Company's tug, Firat, was sent for and after a few hours' work succeeded in bringing the driver to the surface. The driver was then shifted to the Munder's shipyard for repairs.

The big Pacific Mail liner San Juan is at the United Engineering Works undergoing repairs to its steering apparatus. Its bottom is being cleaned and painted. The American schooner Polaris is discharging at the James F. Taylor bunkers at the foot of Franklin street. With the conclusion of its discharge the windjammer will be shifted to the Moore and Scott yard for an overhauling. The Alaska Packers Association tug, Chilkent, and Afognak shifter across to the San Francisco side yesterday to prepare for the north. The bark Star of Zealand of the same fleet sailed yesterday for the northern fisheries.

## COMMISSIONERS ADDRESS NEIGHBORHOOD MEETING

Large Audience Hears Baccus and Anderson on Their Work For Oakland

William J. Baccus, commissioner of city of Berkeley does not take the initiative, individual property holders will, for in a few years there will be more than enough business to go around.

**IMPORTANT ASSET.**  
"As a commercial asset all harbor development on this side of the bay is of the greatest interest to Oakland and works for the upbuilding of our city as well as that of the communities lying adjacent to it. The geographical and natural center of the sweep of waterfront from Richmond to Leandro bay lies in front of the city of Oakland. The waterfront of Oakland comprises 20 miles of what will, eventually, be a continuous line of docks and warehouses and the scene of the greatest shipping activities the Pacific coast has ever witnessed. Many of its people largest ports have not near the docking space that Oakland has, and have no Panama canal to bring them the combined commerce of the East and West."

**TELLS C. WORK.**  
In discussing his work in the annexed district Baccus said in part: "When I took charge of the street department, what is known as the annexed district of 1903 was in desperate straits. The people in this district had voted bonds for the work and these bonds were invalidated by a decision of the Supreme court and it began to be a question of how the work would be done. Knowing the need of the district for the sewer I was instrumental in taking up the question with the city council and helped in securing an appropriation of \$100,000 in the budget of the year 1912-13."

"This money was expended for sewer outlets, the laterals being built at the expense of the property owners. Over 100 miles of sewers have been laid in the district and we are well satisfied with the work and have done much for the improvement of this district of the city. During the year 1912 we laid 75 miles of sewers, a large volume of work which ordinarily would have taken two years. We were handicapped by the cumbersome procedure under which we had to work, and by the scarcity of labor and material. The work was done under the Improvement Act of 1911, a re-enactment of the more than provided by any of the previous plans and cover all of the urgent needs of the district."

**ANDERSON SPEAKS.**  
Commissioner Anderson, in discussing his work told of the achievements of the Oakland waterfront. He laid particular stress on the work being done to have the Oakland harbor the readiness for the opening of the Panama canal and told of what development on the eastern side of the city of Oakland he would like to see.

"On the eastern or continental side of San Francisco bay we have a sweep of waterfront extending from Ferry point at Richmond clear down to San Leandro bay. Along this waterfront are outlets for all the principal continental railroads. The waterfront has already voted bonds for the improvement of its waterfront and is pushing the work with all rapidity. Berkeley is contemplating further development of the waterfront and soon we shall have a continuous line of docks and warehouses."

## THE PROBLEM OF AD. EFFICIENCY

How to Secure the Best Results With a Small Appropriation.

The problem that constantly occupies the mind of the advertiser is how to make his advertising more and more productive. The advertising pages of newspapers are full of the proof that great progress is being made in the efforts to solve this problem. Our business men know now more about advertising than they knew a few years ago. They have wonderfully advanced in the knowledge of media and methods. They cannot now-a-days be convinced by hot air, claims and promises. They want to be shown. This augurs well for the future advertising.

In conducting an advertising campaign with a small appropriation experience has taught advertising managers that the classified advertising will give the best results for the amount expended, but care must be exercised in selecting the paper. In order to determine which is the best newspaper to use all that is necessary is to find the one carrying the largest number of classified advertisements. The number of these advertisements printed by a newspaper are not only a sure test of the paper's circulation, but in every city there is "only one" newspaper that is watched by readers of classified advertisements—that is the one that has the largest volume of this kind of advertising.

## PRINCESS HASSAN APPEALS TO U. S.

Oakland Girl Who Wed Prince Seeks Support or Settlement.

WASHINGTON, April 8.—The Princess Olia Hassan has applied to Secretary of State Bryan for aid in compelling her royal spouse to provide for her. She asks for \$250,000. The princess was Olia Humphrey of Oakland, Cal., and married Prince Ibrahim Hassan of Egypt in 1911.

According to the statement of her case made to the State Department by her counsel, the prince deserted her in Paris a few months later, leaving her in a foreign country unprovided with the bare necessities of life.

Prince Hassan is a cousin to the Khedive, who promised that the prince would be made to take care of her. In spite of promises again made through the Khedive's secretary that a settlement would be arranged, nothing has been done.

The princess says a settlement of \$250,000 would be reasonable and that, in this event, she will be "very happy to renounce the title, which has absolutely no attraction for her."

In addition to her appeal to the State Department, the princess has asked two aid of Senator Perkins of California.

## COLLEGE MAN CHARGED WITH \$5360 THEFT

CHICAGO, April 9.—Detective Charles Burns of Milwaukee arrived here today with a fugitive warrant for "Weaver B. Clark," charged with having robbed Mrs. C. A. Temple of Little Rock, Ark., of \$5,360, valued at \$500.

Clark was arrested here as "George B. Lewis," or "Jack" Lewis, charged by Miss Ethel Newcomb, with the theft of jewels worth \$500 from her Portland, Ore. home. The prisoner denies that he is the man wanted but refuses to establish his identity, further than to state that he is an eastern college man.

**ATSON JURY DISAGREES.**  
YUBA CITY, Cal., April 8.—The jury in the case of Ira and Lloyd Wood, brothers, and prominent socially, charged with arson as the result of the destruction of the house by fire February, 1912, disagreed after being out all night, and was discharged. District Attorney E. W. Jones asks that the case be tried a second time.

**GENERAL JONES TO HIKE.**  
NEW YORK, April 9.—"General" Rosalie Jones of the suffrage army will take up the march again next month for the cause. The "little general" announced yesterday, upon her return from a three-weeks' canvass of the up-state district, that she had made arrangements that with take her over the entire state next summer.

**ACCUSED SLAYER ON TRIAL.**  
SAN FRANCISCO, April 9.—The trial of Joseph Jones, charged with slaying his aged mother, Mrs. Lena Jones, was resumed before Judge Lawlor today. A number of witnesses were called by the prosecution in order to connect Jones with the crime in a circumstantial way.

## MISS BROWN AND SCHOOL REFORM

MISS ANNIE BROWN supplies the feminine influence, knowledge and experience so essential in the school department.

While standing for justice to the teachers, she believes that the welfare of the children is the chief consideration in the administration of the schools. She devotes nearly the whole of her time to the affairs of the department, and gives her best thought to improving the system. She takes an ardent and intelligent interest in educational matters. Her long service as a teacher in the Oakland school department peculiarly qualifies her for the position of School Director.

Her vigorous fight to modernize the department and improve the courses of study has naturally provoked opposition. Her frank and persistent opposition to antiquated ideas and obsolete methods has prompted the antagonism which she is encountering in her campaign for re-election.

Hence the opposition she is meeting is in the nature of resistance to reforming the school department. It is a fight to restore and retain silurian methods and assert an individual control of the school department which has proved baneful in the past, but which has happily been broken and which should never be restored. Miss Brown represents fairness, efficiency, progress and the spirit of modernity. Her re-election is vital to the welfare of the schools.

## Where Change Would Be Unwise.

It would be unwise to make a change in the personnel of the City Commission at the present time. The policy of the municipal administration is satisfactory, and the standard of efficiency is high in all the departments. The heads of the several departments are in substantial agreement; they work together in harmony and are in accord with the progressive sentiment of the community.

The terms of only two of the commissioners expire next month—William J. Baccus and Harry S. Anderson—and no serious reason is advanced why either should be displaced. They are opposed mainly because some other persons have a desire to get their jobs. No poorer reason could be given for displacing public servants who have performed their duty faithfully, honestly, intelligently and in accordance with the popular wish. Mr. Baccus and Mr. Anderson are both capable and upright men and merit the endorsement of a re-election.

There is no exigency warranting a change either in the policy or personnel of the governing board. None of the candidates has promulgated a new policy or furnished any proof that a change would be beneficial to the city. No argument worthy of the name is advanced to show that the commissioners now in office should be retired or that the candidates opposed to them, if elected, would give the people better service than is now being rendered.

In the absence of any proof or charge of unfitness, neglect of duty or personal unworthiness, or that a change of policy is necessary, it would be unjust as well as unwise to turn Messrs. Baccus and Anderson out and substitute new and untried officials in their stead. Change should only be made to improve the service.

## Bronner a Good Man for School Director.

No branch of the public service should be more solicitously guarded than the school department. It is a department from which partisan politics should be rigidly excluded, and which should be conducted solely to promote the welfare of society and the education and moral elevation of the youth of the land. Hence members of the school board who have zealously labored to improve the schools, who have striven for efficiency and economy, should be retained on the board for the very same reason that a private employer retains a valuable employee in his service.

The foregoing remarks (and nobody will venture to gainsay them) apply with force and appositeness to M. R. Bronner, who is a candidate for re-election to the Board of Education. Mr. Bronner gives the school department the benefit of business sagacity and a high sense of duty intelligently directed. He is an advocate of improved methods of teaching and administration, of vocational training and of synchronizing instruction with the activities of daily life—of preparing and equipping the child for the task of earning a livelihood under the conditions imposed by the present social and industrial organization.

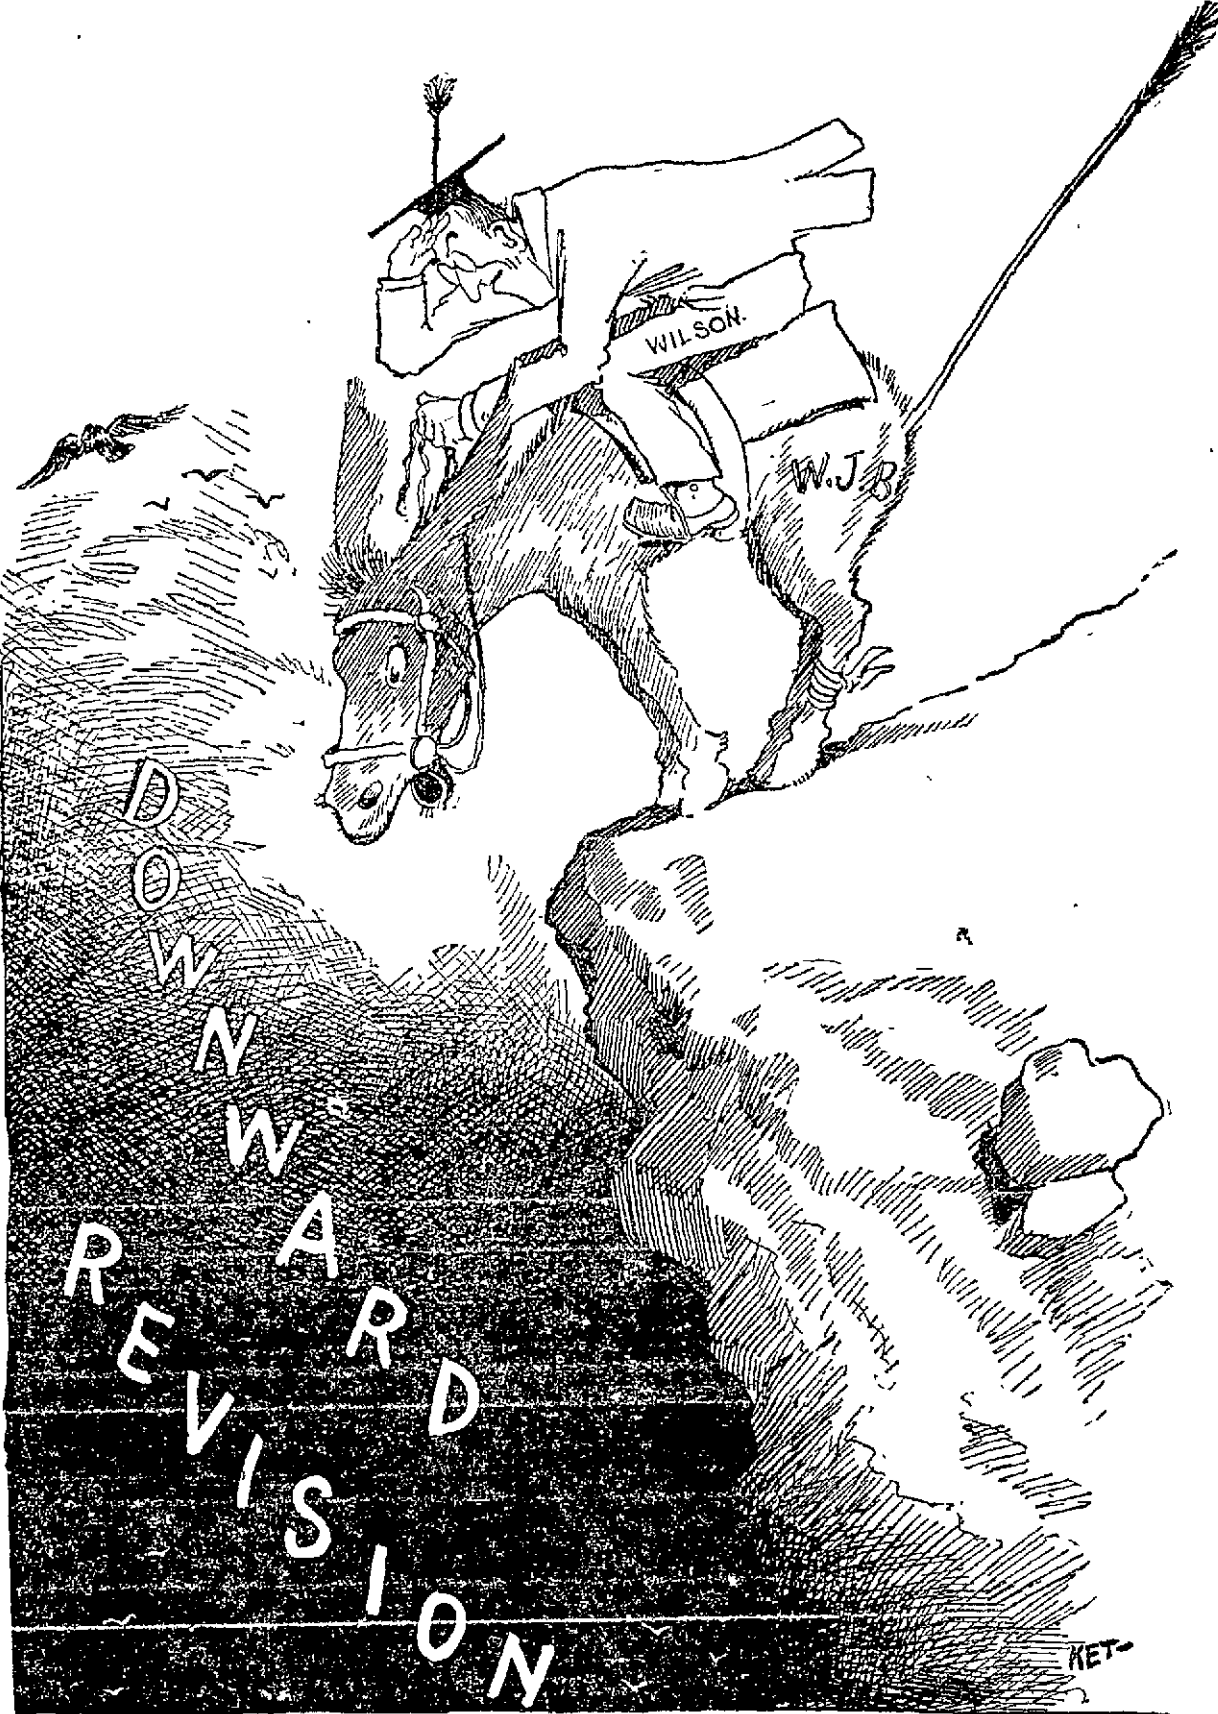

Of irreproachable morals and excellent business standing, Mr. Bronner is precisely the type of man to be enlisted in the service of the schools. He has a head for the details of finance and meets every suggestion looking to an improvement in the methods of teaching or the courses of study with an open and sympathetic mind. He is quick to accept suggestions for practical betterment and prompt in his disapproval of extravagance and slovenly methods. He believes in conducting the business of the school department in a businesslike way. The maximum of efficiency at the minimum of cost is what he seeks to attain.

His colleagues on the Board of Education have found him practical, reasonable, progressive and sound of judgment. He should be re-elected. The voters will consult their best interests by keeping him on the board.

No, Samantha, taking the tariff duty off nails will not injure the manicure industry in California. Nor will putting sugar on the free list increase the domestic production of candy kids.

Congressman Kent denies that he has joined the Democratic party. He has distributed himself around among all parties and factions. He supported the Bull Moose Presidential ticket at the last election. He voted for the Republican caucus nominee for Speaker, but will support President Wilson's administration in the House. It is impossible to classify such a man. But why try when it is so unimportant?

## THE ABYSS

—BY THE OAKLAND TRIBUNE CARTOONIST.

## Mare Island Navy Yard Not to Be Disrated.

The new Secretary of the Navy, Josephus Daniels, has reversed the policy of his predecessor in the office in regard to the status of the Mare Island Navy Yard. Ex-Secretary of the Navy Meyer favored the disrating of Mare Island to a second-class navy yard. Secretary Daniels has announced that it will continue to be maintained as a navy yard of the first-class, and that the channel in San Pablo bay and to the approaches to the dry dock will be dredged to a depth of thirty feet as recommended by the United States Army Engineers.

This is as it should be. It is vastly cheaper to the government to maintain an open channel at the right depth to Mare Island than it is to develop and equip a new navy yard on the shores of San Francisco bay, where it might in the event of war with a foreign naval power be exposed to the fire of the long range guns of the enemy's ships.

Mare Island was chosen as the site of the navy yard by a board of eminent army engineers in the days before long range guns had been invented, as the location was secure against attack by an enemy in time of war than it would be if adjacent to the Golden Gate. Other boards of army engineers appointed to investigate the navy yard at various times subsequently when periodical agitations were started to have it removed, have invariably reported in favor of the retention of the location and the improvement of the yard's equipments.

These periodical agitations for the removal of the navy yard should be vigorously frowned down. They serve no purpose except to excite a disquieting feeling among the people of Vallejo. Secretary Daniels' decision to retain it as a first-class yard and dredge the San Pablo bay channel so that battleships of the Utah class can enter the big dock at Mare Island at any stage of the tide, will be commended by every citizen who has the real welfare of the navy yard and the interest of the government at heart.

## OIL ON INDIAN LANDS

Chief "Billy" Mason of the Quinault tribe of Indians, left yesterday for his home in Western Washington, after sixty days spent at the national capital in the interest of his people.

"The Quinault tribe is one of the wealthiest in the United States," said Chief "Billy," at the New Vendome. "The reservation located by the tribe in the finest timber belt of the Northwest, and through the reservation flows the Quinault river, in which are found the best of all the varieties of salmon. In addition to these sources of wealth, there has just been discovered on the edge of the reservation evidences of oil. Wells are being sunk at the Hoh river, just north of Gray's Harbor, and that whole country is aflame with excitement. That is why I am going back home. I had intended to remain here several weeks in the hope of securing permission for each of the Indians on the Quinault reservation to cut and sell the logs off two acres of his holdings."

"But the oil excitement has changed all this. Some oil men have made a proposition to us to lease the unallotted portion of our reservation to an oil company, said by some to be the Standard Oil. In fact, our men have signed a paper giving power of attorney in the matter the Indian agent. Since then, however, it has been decided to allot these lands to three western Washington tribes who are without holdings, having never

Count Gombel Yamamoto, the new Japanese premier, worked his way up from the ranks. His parents were not of the nobility and he entered the navy as a sailor boy, having his first fighting experience at the age of 16 on the Imperial side during the restoration in 1868. At 25 he graduated from the Japanese naval academy. As the admiral of the Japanese navy he won glory for his country in the war with Russia. Count Yamamoto has visited this country on several occasions and on his last tour was emphatic in his expressions of good will for his nation for the United States.

## MARSHALL DIVORCE ABRUPTLY HALTED

Wealthy Couple Were Never Married, Declares Judge; Child Involved.

CHICAGO, April 9.—The divorce action brought by William M. Marshall, a wealthy owner and exhibitor of driving and riding horses, against Mrs. Blanche T. Marshall was abruptly ended here today when Judge Pettit declared that the two had never been married. Mrs. Marshall, who is the mother of a 2-year-old son, was overcome at the pronouncement.

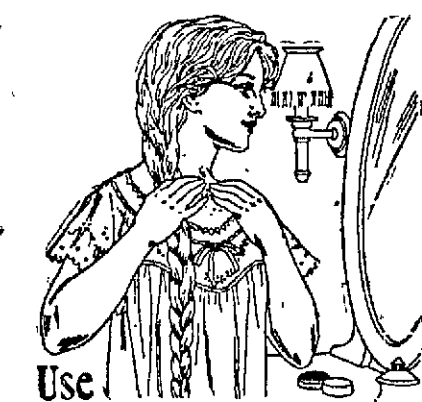

"There is a child in the case," exclaimed Mrs. Marshall's attorney. "The fact that it affects the status of a child cannot alter the law of the state," replied Judge Pettit. "Mrs. Blanche Marshall was divorced from Robert H. Mullins March 13, 1907. She says later she married Marshall in Michigan. Being married again within less than one year from her divorce the marriage is a nullity. I have been trying a case without merit here for two days."

Judge Pettit's decision was given after he had made a personal investigation of the divorce files. It is the first case involving a child in which a recent decision of the Illinois Supreme Court invalidating such marriage had been invoked. Judge Pettit refused to consider the plea of attorneys that the parties to the marriage had been living together for a period of years in good faith.

## FIREBUG SENTENCED TO LONG PRISON TERM

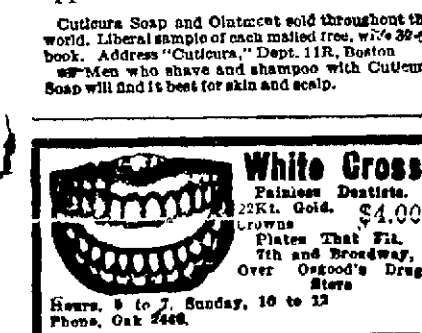

NEW YORK, April 8.—Another participant in the profits of the "arson trust" was sentenced to prison yesterday. Jacob Schiffer was sent to Sing Sing for from eight to 12 years. Schiffer, it is alleged, employed Isador Stein, known as "Izzy the Painter," to set fire to a building. He then collected insurance arranged for before "Izzy" touched the match. "Izzy" is a convict, serving time for arson, whose disclosures when brought here as a witness resulted in a score of fire adjusters being indicted. A number of them are now in prison.

## CAPITAL WOMEN IN MERRY ROW

Three Parties Make It Hot for the Members of Lower House.

WASHINGTON, April 9.—Women in the national capital are divided like Gaul, into three parts, or parties—those who are fighting for women's suffrage, those who oppose it and those who don't care, and the first have lined up for a bitter struggle in the present session of Congress.

Officers and members of the National Woman Suffrage Association are bringing pressure to bear on senators and representatives for consideration for suffrage legislation, while the national association opposed to woman suffrage is as earnestly striving to prevent any action.

"It's a delightful situation we find ourselves in," groaned a member of the House. "We're caught between the upper and the nether millstone and some of us probably will come out with a fine grist—if we emerge from the ordeal at all."

While the suffragists are waging an active campaign under the dome of the capitol the anti-suffragists are making their drawing rooms the principal field in their campaign for conservatism. A long series of receptions and home meetings has been arranged and two public meetings also will be held this month.

## NOTED EXPERT TO VISIT CALIFORNIA

Dr. Edward A. Steiner Will Speak at the Big Conference.

SAN FRANCISCO, April 9.—The Pacific Coast Immigration Congress which meets in the Auditorium of the Hotel McLean's Christian Association, April 14 and 15, is bringing to the coast one of the world's famous immigration authorities in the person of Dr. Edward A. Steiner of Grinnell College, Iowa.

Dr. Steiner is a cosmopolitan in every sense of the word. He was born in Austria; received his early school training in Bohemia; attended the higher schools of Germany; made his doctor's degree at the University of Heidelberg; spent his early manhood in Russia and is now at the head of the department of Applied Christianity in Iowa College at Grinnell. Since coming to this country he has traveled extensively, studying social conditions both here and abroad and perhaps has a wider knowledge on certain important phases of our social problem than any man in this country.

Among his personal friends are some of the brightest lights of the modern philosophical and literary world, such as Tolstoy and Mr. Nordau, as well as many in this country. He has a vast fund of valuable and entertaining information and experience to draw upon and this he does most effectively, whether as writer or lecturer.

## BANKRUPTS FILE COURT PETITIONS

SAN FRANCISCO, April 9.—Petitions in bankruptcy were filed yesterday in the United States district court by E. A. Davis, a contracting contractor, and J. H. Hadden, \$100,000 assets; E. A. Marsh, an electrical worker of Oakland, liabilities \$1073, no assets. W. L. Holman & Company, the firm which had the contract to build cars for the Geary-street electric road, placed its liabilities at \$143,651, with \$114,827 in assets. The largest individual debtors are the J. G. Giff Company of Philadelphia, \$12,275; the Westinghouse Electric Manufacturing Company, \$49,776.

## FRENCH PRESIDENT IS GUEST OF AMBASSADOR

PARIS, March 9.—For the first time in many years the President of the French republic and his wife dined at the American embassy. Among the guests, in addition to the President and Mme. Poincaré, were M. Pichon, Minister of Foreign Affairs; M. Barthou, the Premier; M. Klotz, Minister of the Interior; and Russian Ambassadors. The dinner was followed by a reception at which the President and his wife, and M. Pichon, M. Barthou and M. Baudin, and many high state officials were present.

EDUCATOR IS SUICIDE. WICHITA, Kan., April 9.—A man whose body was found in a hotel here yesterday was identified as Edgar W. Gould, a member of the faculty of the University of Pennsylvania. Gould committed suicide by swallowing a poison.

## SCHOLARSHIPS ARE AVAILABLE NEXT YEAR AT U. C.

Mrs. Jones' Bequest of \$100,000 for Poor Students to Be Distributed.

Other Donations Reported by President Wheeler; Sun Expedition Financed.

SAN FRANCISCO, April 9.—The \$100,000 bequest of Mrs. Carrie M. Jones for scholarships for thirty University of California men, has been established at the University and will be available next year, according to announcement made by President Benjamin Ide Wheeler yesterday afternoon at the meeting of the board of regents of the University in the San Francisco Institute of Art.

The scholarships are presented by Mrs. Jones as a memorial to her son. Applicants must be students in regular undergraduate departments at the University. The amount of the scholarships in each case is \$200 annually, to be paid in ten equal monthly installments.

Another scholarship of \$200 is to be established by the California State Grange in the agricultural department. The class of '17 has deposited \$1005 as a loan fund to be used for the benefit of students as the regents may see fit.

A gift of \$4000 for the establishment of the "Horatio Stebbins scholarship" was announced. The first award of this scholarship must be made in 1914 and the beneficiary must be a woman.

FINANCES ECLIPSE TRIP. Regent William H. Crocker has financed the Lick Observatory to the sum of \$5500 to enable an expedition from the University to observe the eclipse of the sun on August 24, 1914, from a suitable locality.

It also was announced that the University has planted 18,877 trees in the hills back of the campus and that Edwin Wiley, assistant classifier in the congressional library in Washington, D. C., is to be appointed classifier in the University library, commencing May 1.

In addition to the campus trees already planted there are 3380 deciduous trees, embracing 30 varieties, in the nursery, awaiting planting. Four thousand conifers are on the way from France, including several varieties that are believed not to be available in any nursery in California.

Four large library tables and 140 chairs have been added to the equipment. Miss Annie J. Alexander has presented \$4110 toward the support of the museum of vertebrate zoology.

SPECIMENS RECEIVED. Among other reports were the following: The receipts of 592 specimens of reptiles and amphibians gathered in southern California by Charles L. Camp of Sierra Madre, who has donated the collection to the California museum of vertebrate zoology; the presentation from Sir Edmund Selous, premier of British Columbia, of \$500 for books or equipment dealing with Pacific coast history.

The meeting of the Regents was presided over by Guy C. Earl. Those present were: E. A. Dickson, P. E. Bowles, J. A. Britton, F. W. Dohrmann, A. W. Foster, Livingston Jenks, James K. Moffitt, A. L. Scott, R. J. Tausig, Charles S. White.

The spring meeting of the Pacific Association of Scientific Bodies was announced to open tonight in the institute with a lecture by J. C. Merriam, professor of paleontology and historical geology. His subject will be "Excavations in the Asphalt Beds of Rancho La Brea." The lectures of Friday and Saturday will be delivered in Berkeley.

Some of the most prominent investigators and educators in the country will be heard in the course.

## NEW SERUM MAY BE CURE FOR CANCER

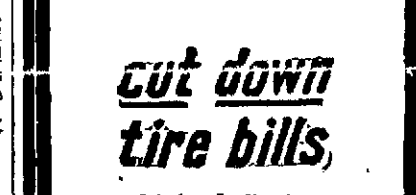

BOSTON, April 8.—The discovery of a chemical process which develops human cancer in healthy rabbits and guinea pigs and the resultant production of serum by which rabbits have been rendered immune was announced last night by Dr. Howard W. Newell of Boston University School of Medicine in an address before the Massachusetts Homeopathic Medical Society.

Dr. Newell has been engaged in original research along this line for three years and his colleagues regard his discovery as an important step in the study of cancer.

While working against an impression that a cancer cure has been found, Dr. Newell told of plans by which 600 cases of human cancer are to be inoculated with the serum. It will require two years to determine whether the serum will immunize human cancer victims, upon whom an operation has been performed, from a recurrence of the growth.

## NEWLY ELECTED OFFICERS ARE THEATER GUESTS

FRED CODDINGTON.

A theater party was given last evening at the Orpheum in honor of the newly elected officers of the Le Tote Club. Supper was had at one of the downtown cafes. Special surprise features were part of the evening's enjoyment and the club turned out in a body.

This season the club is anticipating a long series of outdoor sessions, such as yachting, picnics and trips, which have always formed a part of the summer's program.

The officers elected are: Fred Coddington, president; Frank H. Zuanich, vice-president; C. R. Birch, secretary; Rex Beach, treasurer, and C. B. Herd, marshal. The committee in charge of this evening's theater party is composed of Fred Coddington (chairman), Robert Morgan, Frank A. Zuanich and Robert Morgan.

## CROPS LOWEST IN LAST FIVE YEARS

Farmers Experience Lowest Prices on Staple Crops, According to Report.

WASHINGTON, April 9.—Farmers are getting less for their staple crops on April 1 last than at that date any other time during the last five years, as figured out by the Bureau of Statistics of the Department of Agriculture.

On April 1 this year prices of staple crops average 25.9 per cent lower than on like date in 1912, 3.7 per cent lower than in 1911, 18.2 per cent lower than in 1910 and 13 per cent lower than in 1909. This year's average of prices increased three tenths of one per cent during March against an average increase of 2.1 per cent during March of the last five years.

On April 1 averaged 53.7 cents a bushel, against 71.1 last year; 49.7 the year before and 65.5 in 1910. Wheat 79.1 cents against 92.5, 83.8 and 104.5 the three preceding years; oats, 48.5 against 52.3, 69.1 and 59.7; corn, 36.5 against 40.3, 50.3 and 47.1; 55.5 and 47.4; cotton 11.3 against 26.1, 22.6 and 25.3 cents.

On hogs, beef, veal, sheep and lambs prices were better than on April 1 in 1912 and 1911, but in the cases of hogs, sheep and lambs not up to the average for 1910. Hogs on April 1 averaged \$7.62 per 100 pounds, beef cattle \$5.88, veal calves \$7.49, sheep \$4.97 and lambs \$6.55.

## BARBER SLASHES MAN AS BOMB EXPLODES

NEW YORK, April 9.—When a bomb exploded in an east side tenement last night a razor in the hand of a barber slashed a man's throat and a nine-foot mirror fell from the wall and landed on the head of another customer. The barber fell to the floor stunned. Twenty families fled from the house by way of fire escapes when the front lower stairway was demolished. Nearly sixty bombs have been set off in New York streets since the first of the year. Joseph Milano was shaving Peter Rea when the concussion caused him to jerk up the hand containing the razor. The blade cut upon the flesh of chin and throat. Rea's name will live, however, Carmelo Call was the man injured by the mirror's fall.

## SULLIVAN RECALLS OLD FIGHT DAYS

Practical Philosopher Discusses Pugilism, Education and Politics.

"The fight game, as I see it, is a different thing nowadays from what was in the old times," declared John L. Sullivan, champion of champions, fighter, actor and practical philosopher, as he carefully mutilated the end of a large black cigar and proceeded to fumigate Manager Dly's private office at the Pantages yesterday. "It is too bad, too! I remember, in the old days, when the boys fought they fought to win, and the loser got nothing but a good beating. They fought over a month, at least. I often fought once a week. We didn't have numerous laws, regulations and excuses for fighting. We fought, and the game was a gentleman's sport. Now it is a business, pure and simple. Fighters in the old days were gentlemen. John Gully, one of the greatest of the old-time fighters, was in Parliament, in the old country. One of the most prominent men in New York was once a fighter, and a game one, too."

"Men of education, in the old days, were often fighters. Take in our comparatively modern times. Corbett, for instance, a man with a fair education."

DAY HAD COME. John L. paused, thinking over the old times. Corbett? He reflected aloud. "The only man who ever got a decision over me! Well, my day had come, and that's all there was to it. An old friend met me after the fight and expressed his regret."

"It's all right," I said; "every dog has his day."

"Yes," he answered, "but there are a great many more days than dogs! Anyway, here I am, healthy and happy. I can look back and honestly say I never did a man harm, and have been white, I have a little farm, a good wife, and what more could a man ask? Fighters can be pretty decent, despite popular opinion."

VOCATIONAL TRAINING. "Speaking of education, it is a very useful tool, and I am glad to see that it is becoming more useful. This trend toward vocational training is something that will spell the future success of the country. For years youngsters were crammed with irrelevant information, and then sent out ill-equipped to fight the battle of life. Modern education is teaching them to earn living. I am no educational expert, but I have traveled, bumped against the seamy side of life, and can size up human nature. I admire an educated man, but let him be practical."

"Physical training in schools, which I advocated thirty years ago, is another than that has taken strides that are pleasing to see. Here in Oakland, history is being made. Sullivan, in his travels, has collected a remarkable fund of knowledge. In Dly's office he discussed subjects ranging from Bryan's place in politics to economics. The fight game of today is the only subject he seems not to have kept in touch with."

NO TIME FOR FIGHTS. "I travel too much," he said, "to keep track. I like to see a good fight, but don't get a chance. Once in a while I look over a likely lad, and it brings back the old days. However, John L. is about to go back to the form. I will be out for the Exposition. I never missed one yet—but I don't believe I will do much traveling from now on. I don't want to be rich. We old fellows like to settle down and see the younger ones get busy. Just the same, there's a lot of life in old John L. yet."

PHYSICIAN TO CARRY OUT FIGHT AGAINST DISEASE. "The Alameda County Plan" is the title of a pamphlet which is being prepared by the Tax Association of Alameda county for distribution to the people. It is a digest of the association's movement for efficiency and economy in government.

The pamphlet will contain addresses at the recent mass meeting at the Chamber of Commerce building, and an outline of the method proposed for the collection of \$50,000 to gather information for a permanent committee. The booklet will contain 20 or 30 pages. It is probable that it will be sent to each telephone subscriber and all improvement clubs. Probably 50,000 copies will be issued.

## PHYSICIAN TO CARRY OUT FIGHT AGAINST DISEASE

NEW YORK, April 8.—Lunsford D. Fricks, government surgeon, has gone to Montana to carry on the fight against the deadly spotted fever that has already cost the life of one physician, Dr. T. B. McClintic.

Mrs. Fricks, bravely refusing to desert her husband, has accompanied him with their child to the Bitter Root valley of Montana, where, at Victor, they will make their headquarters. Dr. Fricks is taking up the fight against a disease which is highly contagious and, in most cases, fatal. Dr. McClintic, trying to eradicate the disease, lost his life.

## HIGHWAYMAN WIELDS WEAPON ON VICTIM

SAN FRANCISCO, April 9.—Charles Weeks of 2515 1/2 California street, was held up by a highwayman on St. George place at 2 o'clock this morning. Officers of the central station found him in a dazed condition on the pavement and took him to the Harbor hospital. When he had been revived he declared that the robber had struck him on the head with a blunt instrument and had taken \$2 and his watch and fob.

## CAPTAIN DROPS DEAD

KETCHIKAN, Alaska, April 9.—Captain Andrew Johnson of Portland, Ore., known in Northern waters, dropped dead of heart disease today aboard the steamship City of Seattle, on which he was going to Ketchikan to take command of the steamer Dolphin. The body was brought ashore here and will be sent to Portland for burial.

## REV. MONROE DREW TO MAKE TOUR OF EUROPE

SAN LEANDRO, April 9.—Rev. Monroe Drew, minister of the Presbyterian church of San Leandro, has been granted four months' leave of absence and intends to make an extended tour abroad. During his visit to Europe Rev. Drew will attend the International Sunday School Convention in Switzerland as one of a delegation of nineteen sent from this state.

Although definite plans have not been made for the trip, Rev. Drew thinks that he will be able to leave about the end of this month. It is not known yet who will preach in his stead during his absence. Rev. Drew has not enjoyed an extended vacation for a long number of years, and he is fully entitled to the rest.

## TO STUDY INDUSTRIAL EFFICIENCY OF TRUSTS

WASHINGTON, April 9.—Doubt as to whether "trusts" are industrially efficient or not, and as to whether they are national monstrosities or chiefly menaces to themselves and to those interested in their securities, was expressed today by Secretary Redfield of the Department of Commerce, in an address before the American Cotton Manufacturers' Association. There had been no mature and exact study of the question, he said, but he hoped that the bureau of corporations, a branch of his department, "would be able to make from the industrial and production side, from the basis of more manufacturing efficiency, a thorough study of this great subject."

## SLOAN'S LINIMENT

Gives quick relief from pain. It's an excellent remedy for rheumatism, neuralgia, sciatica, lumbago and sprains.

Relieved Severe Pain in Shoulders. Mr. J. Underwood, of 2000 Warren Ave., Chicago, Ill., writes: "I am a piano polisher by occupation, and since last Sept. have suffered with severe pain in both shoulders. I could not rest night or day. One of my friends told me about your liniment. Three applications completely cured me, and I will never be without it."

Cured Sciatic Rheumatism. Mr. A. J. NANCE, of Oak Hill, O., writes: "I have used your liniment for sciatic rheumatism. I was so I could not walk for a long time. I even ate my meals on the floor, but your liniment cured me. I kept it in the house all the time and have let others use it and it cured them. I sent to Ironton, O., the other day and got two 50c. bottles for other people."

At all dealers. 25c, 50c, & \$1.00

## POOR MAN WHO GOES A-COURTING HAS PROBLEM

By LAURA JEAN LIBBEY  
(Copyright, 1913, by Laura Jean Libbey.)

LAURA JEAN LIBBEY.

HERE are many young men who are now passing their evenings at clubs among the ladies, rather than spend the time in the society of young ladies in their homes were it not for two very excellent reasons—first and foremost, that the girl and her family might be led to believe that he was a candidate for a girl's hand in marriage if he called three times; secondly (a viewpoint well worth weighing), could he seek their society for friendship's sake or without investing all the money he could earn upon girls whom he had no intention of marrying? If he did find a congenial girl, and her heart responded to his own, would he be expected to lavish money upon her during the try-out of courtship?

All of these speculations keep many a man from enjoying the society of sweet marriageable women. It seems to me that it should be readily understood that no girl should allow a man who is not engaged to her to spend his cash upon her save in rare instances. Of course it is the nature of girls to like some pleasures to be taken to theaters, balls, dinners and amusements. But they should accept them only at the hands of their own male relatives.

How much to a girl's credit it would be to accept an invitation to go out for a walk or an evening! She has no right to put him out at a high-priced restaurant for ice cream and strawberry shortcake, to deplete his pocket-book unnecessarily. No girl should encourage the eating of philopenses, which will result in his obligation to send her a present of gloves, books or some other trifles.

Love can easily make a man poor down to the last cent in his pocket if he is so unfortunate as to fall in love with a girl who has no apparent conscience when it comes to his spending money on her for every possible trifle.

The girl who has a good, substantial dinner at home is not in need of a feast after an evening at the theater. If a girl has no compunction as to accepting a costly auto ride at the expense of a young man who has to work hard for a living he should realize, if he is not too much in love with her to see it, that she is caring little for him or for his interests. There are girls who make open boasts among their mates that they would not go around with a stingy fellow, that the young man whom they favor with their society must spend money freely upon them.

When a young man finds that he has this sort of a girl he should be kind enough to himself to save his dollars, letting some other fellow foot the bill for her pleasure, probably to be thrown over at last.

The right girl—the one who loves him—will have his interest at heart from the beginning and refuse gently but firmly to help him spend money foolishly which he can ill afford. It would seem to me that the safest plan to follow would be for a young man to take a church or some other troupe to follow with the girls until he was quite sure that he had found a girl who was all that his heart desired. Too much cannot be said of men spending money free upon girls who wish to have a pleasant hour at the time being.

### HEARD STORY ABOUT HIM.

"Dear Miss Libbey: I am 20. I have been engaged to a young man for about a year and a half, but now I fear I will have to give him up. The very thought almost breaks my heart, because we are planning to be married this summer. The whole trouble is this: A friend of my intended told me that while my friend was out of town he was out with a girl that is far from the best and that they were both in an intoxicated condition. It seems impossible for me to believe anything like that of the man I am engaged to, but at the same time I have no reason to doubt the party that told me this, because he is a very honest and upright fellow. He is my sister's husband. I would like to know if there is any way for me to find out if this is true or not. I haven't said anything to my friend yet and I won't until I hear from you and see what you have to say about it. Now if this does happen to be true do you think it necessary that I break the engagement?"

Have your brother or some man relative have a frank talk with the fellow. He ought to be given a chance to defend himself in case the accusation is not true. If it is true that he goes around with questionable girls and drinks you had better know the truth before you marry him. A woman's life is precious to throw it away like that.

### HE DOESN'T TRY TO WIN HER.

"Dear Miss Libbey: I am 18 and in love with a fellow who doesn't try to win me. He works near door where I work and he used to come in to the store and talk to me. All the other girls tried to tease me about him and I told them I didn't care if they did, because he was my ideal and the only fellow I could ever love. I don't try to conceal my feelings for him in the least, and I think that was my great mistake. The girls told him I was dead in love with him, and he doesn't seem to think so much of me any more. What shall I do? I don't think of him any more? But I can't do that, as I feel as if I cannot love any one but him. Do you think if I made out as if I didn't like him he would think more of me?"

Indeed, it was a great mistake to parade your poor little pathetic affections like that. Don't ever be so foolish again, will you? It doesn't pay. There is nothing you can do now but receive never again to be so foolish. Men are all alike in that they care little for a girl who shows that she is very fond of them. Don't think anything more about the fellow.

### SHE IS A SCHOOL TEACHER.

"Dear Miss Libbey, I am a school teacher of 20. This is my third year. I love the work well, but am not very well prepared for it, as I never started to school until I was 12. I would love to teach one more term and then go to college for a year, and then I am undecided what to do. I have been going with a man six years older than myself; have gone with him two years. He has good habits, does not swear, smoke, or drink, is religious, and I think would make a good husband. He asked me nearly a year ago to be his wife, but I refused and did not think at the time that I really loved him, and also thought I was too young. But he seems to think the world of me. I think I love him more than I could any one else and we think we might get married in two years (he wants me any time), but we are not yet engaged. He has been unsuccessful and will prove to be just what I want to go to school in 1914, and he wants me to go back to Virginia, his old home. I know he will want me to go, for he said he didn't intend going alone, and I don't want him to go without me; and still I want to go to school in 1914, and what do you think I should do? I had always planned if I ever married it would be in 1915. I also have a cousin who is 40 years old and who worships me so. He tells me how much he loves me and tells me I'd never be happy if I marry the man I go with, because he says he doesn't think he'll ever make me a good home. But I know this man is a good worker. I think my cousin is really jealous of me. He tries all kinds of ways to make us quit—even goes so far as not to speak to this man, who used to be a great friend of his, just because he goes with him, and he says he won't speak to him if we ever marry. This cousin is going east soon and he came by to see me a few

days ago, and he just talked about loving me and tried to hug and kiss me, and I told him to leave me alone and made him get away. Then he began telling me about being raised not to think much of a cousin. I told him I liked him as a cousin as long as he kept his place and acted as a cousin, but he said a cousin was not enough, and I told him I'd never be anything more to him than a cousin, and I went with the other fellow to town, and when I would see him he would be looking like he was dying, his head down; but I paid little attention to him. Then he wrote me an apology. Should I answer it? I don't know. I ought, as he asked me not to write to him, as he said it would only kindle his love. He said the latter before he wrote the apology. M. K.

You had better not write to your cousin if he has requested you not to. But don't let his opinion of the other fellow influence you. I think it would be a good idea to carry out your original plans about the school work. You can well afford to wait two years. Twenty-two is plenty young enough to marry and the extra school work will be of great value to you in after life.

### HE CALLS TWICE A WEEK.

"Dear Miss Libbey: I have a young man calling to see me twice a week at my home. This young man seems quite affectionate to me and my parents think he is a perfect gentleman. About two months ago I was introduced to a young man of my own religion, of which my other religion is not. I have been corresponding with this young man through mail and he has asked to call and see me. My parents think it is not right for me to have him call and see me, because I have a man calling. But I really care more for the last young man I have met than for the young man I am keeping company with. I would like your advice whether it is proper or not for me to have the young man call. I have been introduced to come up and see me, as my mother thinks I should only have one man calling, but I can't see any harm in a young girl having two men friends call on her.

If you are not engaged it is entirely proper to have as many men friends as you care to have. It would be extremely foolish of you to accept the attentions of the first young man that crosses your path to the entire exclusion of every other fellow. You are a bit young, too, for steady company. Tell your mother you care more for the second young man and I am sure she will discourage his coming to call on you.

### HERE IS A DEEP PROBLEM.

"Dear Miss Libbey: I am 16 and very much in love with a fellow. He works in the same store and I almost know he doesn't care any more for me than as a mere friend. How can I make him like me and still keep him from knowing I care? P. P."

Tours is a deep problem—"How to make him like you and yet keep him from knowing you care." Don't bother your poor little childish head about him. You only imagine you are in love. A 16-year-old girl does not know what it is to be really in love. Just treat him as a good friend and don't try to make him love you. You will get over so much more fun out of life if you give no serious thought to boys or love for four or five years yet. Be a sensible little girl, like I know that you are.

### WOULD CUT DOWN EXPOSITION FUND

SPRINGFIELD, Ill., April 8.—Taking up the proposal for a half-million dollar appropriation for an Illinois exhibit at the Panama-Pacific Exposition before the house appropriations committee yesterday, Governor Duane said he believed that sum was entirely too high.

"I think \$200,000 an ample sum for the purpose of an exhibit at San Francisco," said the governor.

### DUNGAN TO BE EDITOR

WOODLAND, April 8.—It was announced here that J. H. Dungan, Republican postmaster in this city, who is slated to lose his position, will edit and manage the Oroville Mercury. Dungan was newspaper man before he accepted the postmastership in 1901.

## "Yes, Ma'am, Cottolene—" (Mrs. Brown is A Sensible Woman)

Cheaper  
Than  
Butter

Better  
Than  
Lard

When you order *Cottolene* you are ordering the best cooking fat on the market—butter, lard or cotton-oil imitations of *Cottolene* included.

*Cottolene* was the first successful cotton-oil shortening. It has "made good" for over 20 years, and is still the best.

The source of *Cottolene* is pure; it is made in a cleanly, wholesome manner; it makes food that is rich but does not disturb the digestion.

## Cottolene

is packed in patent, air-tight, tin pails. It is always pure and sweet, and protected from dirt, dust and store odors

*Cottolene* is always uniform. Use it right and you will always have the same results—the best.

*Cottolene* is far superior to lard, because lard is made from hog fat, and cannot compare with *Cottolene* in wholesomeness and purity. Lard is an animal product; *Cottolene* is vegetable.

*Cottolene* is even better than butter for shortening and frying, and costs no more than lard.

*Cottolene* is richer than butter or lard; therefore, you should use one-third less.

## A CHILD'S WASTE-CLOGGED BOWELS

Makes Them Cross, Peevish, Restless and Feverish; See if Tongue is Coated.

Your child isn't naturally cross, irritable and peevish. Mother! Examine the tongue; if coated, it means the little one's stomach is disordered, liver inactive and its thirty feet of bowels clogged with foul, decaying waste. Every mother realizes after giving delicious "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little one's tender stomach, liver and bowels so effectively, besides the fact that this is its delightful fig taste. For constipated bowels, sluggish liver, biliousness, or sour, disordered stomach, feverishness, diarrhoea, sore throat, bad breath or to break a cold, give one-half to a "teaspoonful" of "Syrup of Figs," and in a few hours all the clogged-up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without griping or nausea, and you will surely have a well, happy and smiling child again shortly. With Syrup of Figs you are not drugging your children, being composed entirely of lucid, pure, natural and aromatic it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." This is the delicious tasting, genuine old reliable. Refuse anything else offered.

## The Modern Way of Keeping House

Cooking with gas is the modern way of keeping house. Cooking with coal or wood means hot, hard, dirty work. And sometimes the stove won't "draw." When you cook with gas you use a match for kindling—no dirt, no trouble. The kitchen is always clean.

Don't think that cooking with gas is expensive. On the contrary it is very economical, as the fire is going only when you want it and it gives heat just where heat is needed. Once you used gas for fuel you'd never be without it. Why not have "Pacific Service" in your home?

## Despondent Women Made Cheerful

When a woman who is subject to sick headaches improves her general health the sick headaches become less frequent or disappear altogether. Anything which tends to lower the "tone" of the body operates to bring on an attack and when the system is "tuned up" the attacks lose their severity. Dr. Williams' Pink Pills cure sick and nervous headaches by toning up the system. When the thin woman gains in weight, gets color in her cheeks and lips, and her appetite improves, she need not fear sick headaches. Dr. Williams' Pink Pills are sold by all druggists at 50 cents per box or six boxes for \$2.50, or by the Dr. Williams Medicine Company, Schenectady, N. Y.

## Hints on Hair Health

If you use our treatment, we will either stop your hair from falling or pay for the treatment ourselves.

Dandruff is a contagious disease caused by a microbe, which if not removed causes baldness. This microbe often comes from a comb or brush belonging to someone else.

If you are troubled with dandruff, itching scalp, falling hair, or baldness, we believe that Rexall's "93" Hair Tonic will do more than anything else to remove the dandruff, destroy the germ, make the scalp healthy and stop falling hair, and if there is any life left in the roots, also promote growth of new hair.

We believe that probably 65 per cent of the cases of baldness could be overcome if people would only use Rexall's "93" Hair Tonic for a reasonable time, as directed.

We don't want you to take our word for this. We want you to see the merits of Rexall's "93" Hair Tonic at our risk. If you use it and it does not give satisfaction, just come back to us and tell us, and we will immediately hand back to you the money you paid for it. You promise nothing, "93" nothing and you may want to tell us, and we will immediately hand back to you the money you paid for it.

We are dependent upon your confidence and patronage, and we would not make these claims, or make this offer if we did not believe that Rexall's "93" Hair Tonic is the very best hair preparation you can use. Two sizes of bottles, 50c and \$1.00.

## OAKLAND'S ABILITY SHOWN AT DINNER

Wells Drury Praises Big Banquet and Predicts Great Results.

(By WELLS DRURY, Secretary of the Berkeley Chamber of Commerce.)

There was a marvelous outpouring of enthusiasm for a unified community at the "Hands-around-the-harbor" banquet at the Hotel Oakland in Oakland Monday night. That the sentiment in favor of co-operation ruled the occasion was manifest not only in the speeches of the eloquent representatives of the various cities, but also in the general feeling of cordial good fellowship that prevailed.

Without question the gathering was the most representative that ever was seen at any time or any place in the history of the metropolitan area around San Francisco Bay.

The remarks of all the speakers were true, and there was a genuine response to the "one for all and all for one" motto that was on the lips and in the hearts of all present.

If a touch of local pride may be pardoned on an occasion of this kind, the suggestion may be ventured that never before was there such ample proof of the ability of Oakland, as the chief city and representative of Alameda county, to carry off so magnificent an event with such splendid success. It is not mere compliment to say that the arrangements were admirable and complete in every particular. That the guests from San Francisco recognized the ability and the painstaking care with which the meeting was planned, and the skill with which it was brought to triumphant fulfillment, was avowed time and again, with just an intimation of surprise that the younger city should, in so satisfactory a measure, vie with the greater city across the narrow bay in providing for the entertainment of so distinguished a gathering.

There was nothing lacking in the appointments of the occasion, and the spacious rooms of the Hotel Oakland afforded a setting commensurate with the dignity of the theme of the evening. It will be strange, indeed, if out of this coming together of so many of the leading men of California there does not grow up a better and finer feeling of friendship and fellowship in the heroic destiny of this regal island sea known to all mankind as the Bay of San Francisco. If the tree planted that night bear such rich fruit, then will all rejoice in the knowledge that not in vain did the Oakland Commercial Club and its guests celebrate this epoch-making hands-around-the-harbor banquet at the Hotel Oakland.

## MOTORISTS' CLUB NEEDS HERE

Automobile Drivers Say That No Judgment Is Used in Making Arrests.

(By EDMUND CRINNION.)

Several times during the past few days the attention of the automobile department of THE TRIBUNE has been called to the necessity of some sort of an organization representing the motoring interests of Alameda county, and inasmuch as this department of THE TRIBUNE is usually in accord with the suggestions we take pleasure in putting the matter squarely before the automobile owners of this county.

As a matter of fact, the need of a motor club or association here has become apparent to many motorists. It is pointed out by many motorists that a representative organization would prove itself of immense service to every car owner by quelling spasmodic attempts on the part of the police to live up to the letter of a speed law that makes every man who has a car a law breaker every day he drives it.

It is also claimed that motor car owners are liable to being indicted of a felony or twenty dollars fine rather than lose the time necessary to fight the case and put up with vexatious delays in court. It has also been pointed out that the business of arresting automobile drivers is a most desirable one. In the first place two policemen plus one stop watch can pick out any block in Oakland and their better wits can be taken for the day's report on the number of automobiles that have traveled over that street. Again, there is no personal risk involved in making such arrests. Automobile owners differ largely in this respect from all other classes of law breakers. Still further, a motor car owner does not have to be taken to jail or put up a substantial bail to the arresting officer, as is the case with the following offenses: Pleads guilty and pays his fine, or else lets the bail money go by default. In most cases it is to be regarded as a minor offense, but still it is far cheaper for the man of affairs to submit in good grace than to waste any further time and get prominent mention in police court news.

It has frequently been asserted that were these motor car owners and their fight the cases the authorities would be the first to seek a change of the conditions, but who wants to be the goal? The better way is to organize and secure conditions whereby careful drivers would not be molested and the real job of law enforcement would be taken care of when caught, punished with jail sentences.

## WHAT PRICE SHALL RETAILERS CHARGE?

Supreme Court Has Important Patent Case to Determine if Price May Be Cut.

WASHINGTON, April 9.—Probably the most important patent case to come to the Supreme Court in a decade was before it today for oral argument in the contest over the right of patent owners to fix the price at which their patented articles are sold.

The lower federal courts are well divided on the point. The case before the court came from the District of Columbia in the form of a question from the local judges.

They asked if a local druggist infringed the rights granted under

## PURSE IS STOLEN FROM HELEN TAFT

ALBANY, April 9.—A handsome silver mesh bag which was presented to her by girl friends when she left the White House, was lost or stolen in Emmanuel Protestant Episcopal church last Sunday from Miss Helen Taft, daughter of ex-President Taft.

Miss Taft was the guest here last week of Miss Emerson Lamb, daughter of Mrs. J. E. Lamb, 342 Laurens street, and a housemate of Mrs. Mary. With Miss Lamb and Miss Catherine Arthur of 7 East Preston street, and other young ladies, Miss Taft attended services at Emmanuel church on Sunday morning.

Miss Taft spent the night at the Arthur home. She was going to Washington and did not wish to make any report of the matter, because she feared that it would bring about complications that might cause her to come back to the city at a time when it would be inconvenient here. So she said nothing about the matter to her intimate friends. Miss Taft left her home for Washington this morning.

### Broke Many Hearts

CHICAGO, April 9.—A matrimonial swindle that had the Blackstone hotel for its setting and which netted the skillful captivator of a feminine heart several thousands in loot was indicated yesterday, when detectives dug into the case of the handsome man of mystery arrested as "Jack Lewis."

As a result of the publicity given to the charge of Miss Ethel Newcomb of San Francisco, that the prisoner was the man who married her two years ago and later absconded with \$3500 worth of her jewels, detectives have uncovered another mystery in which an Arkansas widow was the victim.

The latest victim is Mrs. G. A. Temple, a wealthy widow of social prominence in Little Rock. She is on her way to Chicago to attempt to identify Lewis. Several Chicago jewelers are preparing to go on the witness stand, and the police of Milwaukee have sent orders to hold the prisoner as Weaver B. Clark of Richmond, Va.

The story of the blighted romance of the Arkansas widow concerns a few years' wooing of Mrs. Temple, which ended in the prospective bridegroom's disappearance with the woman's jewels, valued at \$15,000.

The Clark woman in Little Rock is a mining promoter, whose successes have been considered notable. After inducing Mrs. Temple to consent to marry him, they decided to come to Chicago for the wedding. They registered at the Blackstone hotel July 15, and proceeded to make the rounds of the jewelry houses to purchase an engagement ring. To escape publicity, Clark induced the widow to take to his room a small box containing the diamond ring. He disappeared the following day.

### Defends "Good-by" Kiss

CHICAGO, April 9.—Judge Pett, in his review of the testimony against Mrs. Blanche T. Marshall in the divorce suit of William M. Marshall, south side housewife, defended the "goodbye kiss," and said "if every woman who had been kissed by a man were brought into court, there would not be very many left outside."

### Woman to Race

PHILADELPHIA, April 9.—The only permission ever granted to a woman automobile driver to compete in the races at Indianapolis has been won by Miss Vivian Prescott, a young society girl of this city, the daring young driver who created a sensation at the Vanderbilt cup races by taking part in the death dealing course disguised as a mechanic and riding with Nell Whalen.

While hardly out of her teens, Miss Prescott has received tuition in racing from Barney Oldfield, Whalen, Roberts and many of the well known drivers, and has a collection of trophies rarely equaled by the reckless professional drivers, which she has captured in amateur events on the Florida beach course.

She will be the first girl to ever compete in the big 500 mile event, which furnishes thrills for the most blasé drivers, and expects to bring the record to this city.

## ASSESSMENT REFUNDS TO BE THING OF THE PAST

City Auditors May No Longer Declare "Chicken Feed" Dividend

(Special correspondence of THE TRIBUNE.)

SACRAMENTO, April 9.—Senator E. J. Tyrrell of Oakland succeeded yesterday afternoon in getting the senate to pass a bill, introduced on behalf of City Auditor Gross of Oakland, that, if enacted into law, will relieve a burdensome and unprofitable practice on the refund of small amounts to property owners on surplus street assessments.

Under the present law where a street is ordered up for improvement and by any reason a surplus is left in the assessment fund after the work has been completed, the city council, governing body of a city may declare a dividend to the property owners and refund the money on a pro rata basis.

Often these refunds will not run above 30 cents or 40 cents to each property owner. The city auditor is the city auditor is compelled to draw warrants for the respective amounts, the cost of issuing the warrants not being justified by the amounts to be returned.

AMENDMENT DRAFTED.

For this reason City Auditor Gross had an amendment drafted to the general street act, which adds to the governing body of a city may appropriate and transfer the surplus to the general fund of the fiscal year in which the surplus is created. If the surplus does not exceed five per cent of the total amount expended out of the improvement fund and that the surplus so transferred shall in no case exceed \$100.

Senator Tyrrell says there is practically no demand made upon the various cities levying assessments for street work for refunds on the surplus, unless the amount to be refunded is sufficiently large to justify property owners in making the demand. He says that few property owners avail themselves of collecting 30 or 40 cents on a warrant and that this plan will eliminate delay in the final disposition of all funds so appropriated.

SMITH HAS BUSY TIME.

Assemblyman Frank M. Smith of Oakland had a strenuous time on the floor of the assembly when Assemblyman Poley of Red Bluff attacked Smith's bill creating a state board of embalmers, when it came up for final passage, on the ground that it created "another commission." The legislators recently have been inclined to ask whenever a bill is mentioned, "Does it create a new commission?" If a bill does, it is marked for hard sledding.

Assemblyman Poley contended that the creation of commissions had reached the point where it ought to be stopped, but was finally switched off the subject by Assemblyman Smith, when Smith touched upon the financial side of the bill.

"This bill also creates an embalmers' fund," said Poley, "and the proportions that the fund might assume are sufficiently large to justify the creation of a new commission. What would become of the money in excess of that required for the operation of the commission? Would it still remain in this embalmers' fund?"

### FINDS WEAK SPOT.

Smith at once saw a weak spot in the bill and suggested that Poley

WILL REMOVE "JOKER."

Assemblyman Nelson, chairman of the assembly committee on public institutions, stated last night the committee is awaiting amendments that are to be submitted for the Ferguson bill before taking that measure up for consideration. Proponents of the bill, which is designed to take the Hotel Claremont from within the one-mile "dry zone" about the State University, at Berkeley, so the hotel could be granted the privilege of serving liquor to guests, intend to redraft that measure so there will be no possibility of a cry that a "joker" is extant.

It is understood a central point on the university campus will be designated as the center from which the one mile circle shall radiate. From this point the Hotel Claremont will be more than a mile away.

No action has been taken by the senate yet on the bill by Senator Brown which was passed out of the senate committee on public morals, intended to get a one and one-half-mile "dry zone" around all universities in the state.

PLAN COUNSEL BUREAU.

The assembly committee on ways and means has decided there is \$30,000 in the state treasury that could be appropriated judiciously for the establishment of a state legislative reference and counsel bureau, and accordingly has passed out Assemblyman W. C. Clark's bill setting aside that amount with which to make the bureau.

The bill will appear on the floor of the assembly soon for action and seems assured of an affirmative vote, inasmuch as the persons to benefit directly from the passage of the bill would be the legislators themselves.

The measure was introduced by Assemblyman Clark following the marked success noted of the present state legislative library, conducted by State Librarian Cille as an accommodation to the legislators. The bureau created by the Clark bill would be an amplification of the present legislative library to a certain extent but would be a separate bureau under separate heads.

Under the terms of the measure four commissioners would be appointed by the governor without pay, to serve for varying periods, to direct affairs, while two experts in political research and two in legislative history would be employed to handle the two different departments provided. The governor would likewise be a member.

One department would compile all legislative records and statistics, which would be accessible to all legislators desiring to utilize it while drafting bills. The other department would provide aid to legislators in the construction of all legislative measures.

### CREATES NEW BOARD.

The measure that is considered the most important affecting the administrative affairs of the state, since the passage of the act creating the state board of control in 1911—the state board of administration bill, No. 1204, by Benedict—has been reported out of the ways and means committee of the assembly with favorable recommendations. This bill creates a general board of three members similar to the state board of control, to take the place of the several boards of managers and boards of trustees of the various state hospitals, state re-

formatories, veterans' home and other homes.

Through this measure it is intended to secure a more business-like and economical administration of the state's institutions. The three members of the board, who would be appointed by the governor and serve at his pleasure, would devote their entire time to the state's interests and would receive salaries of \$4000 a year each. The secretary of the board would receive a salary of \$2400.

In the list of powers and duties of the board are the following:

To have control of the placing of children declared dependents in homes; to have general supervision of the distribution of general charity of the institutions for the insane, and to have charge of the reformatories and homes; to examine into the condition of any institution under its control; to remove incompetent persons from the employ of such state institutions and to do all other things which will assist in bettering the conditions prevailing in state institutions.

BILL STRIKES SNAG.

Senator A. H. Breed's bill, No. 1299, licensing real estate agents in the state and creating a state advertising fund thereby, struck a snag in the senate chamber yesterday when it came up for final passage. The bill was introduced for the State Realty Federation.

Senator Ciminetti led the opposition to the measure and declared that should the bill pass the state would be advertised according to the ideas of the real estate men and that this class of advertising would not be the class of publicity that the state would get the most good from.

The situation was saved by Senator Boynton, who had the bill sent back to the committee on an engrossment, where it lay for the time being temporarily safe from attacks.

John F. Mullins, chairman of the Board of Supervisors of Alameda county, visited the capitol yesterday in the interests of the seven balliffs attached to the office of Sheriff Frank

Barnet, who are seeking salary increases at the hands of the Alameda county legislative delegation. He was accompanied by Al Moffett and Frank Figueroa, two of the balliffs affected, who stayed at the capitol in anticipation of having a meeting of the delegation called for tonight to consider their requests.

GRANTED MORE PAY.

At the recent meeting of the county delegation, at which the various salary increases were filed, 15 men in the sheriff's office were granted more pay, but the balliffs were not so treated. They are asking for an increase from \$100 to \$125 a month.

The men asking increases are Balliffs Wales, Eddy, Soares, Barrett, McCarthy, Moffett and Figueroa.

Senator Tyrrell, chairman of the delegation, stated last night that the delegation decided to take no action on these petitions, but that it could reconsider its action if it so desired.

A measure was offered to the assembly yesterday by Assemblyman J. W. Struckmeyer providing for the creation of free markets through the cooperation of the city and county governments. The bill provides that on the presentation of a 15 per cent petition to the Board of Supervisors of any county and the mayor of a city, a free market shall be established.

The market shall have five directors and one manager named by the directors. Three of the directors shall come from the county and two from the city.

In the market any producer in the county may offer for sale, without cost, and produce.

The salary of the manager shall be fixed by the board of directors and shall be based on the size of the market and the work required thereby.

## SOCIETY

**F**UNCTIONS in honor of that delightful person, the bride-elect, are the chief features of society's affairs today. Among the bride-elects to be honored are Miss Ruth Slack and Miss Margaret Parr, for whom Mrs. Frank Butler and Mrs. LeRoy Butler entertained at bridge this afternoon. Miss Mildred Baldwin, for whom Miss Marie Louise Tyson gave a large bridge party, and Miss Marie Bullard, who was the fete guest at a bridge party given by Miss Joy Wilson at her Berkeley home.

The Butler home was a bower of blossoms, dainty spring blooms and ferns, giving in charm with the handsome gowns of the guests. Mrs. Frank Martin Butler and Mrs. LeRoy Butler, her daughter-in-law, received the two score guests who enjoyed their hospitality. Miss Slack is to be married to Judge Edgar Cook of San Rafael April 23, and Miss Parr to the fiancé of Samuel Johnson Taylor Jr. Among the guests this afternoon were Mrs. Roger Chickering, Mrs. Maurice Walsh, Mrs. John Louis Lohse, Miss Ruth Slack, Miss Margaret Parr, Miss Marie McHenry, Miss Myra Hall, Miss Ethel Palmante, Miss Ethel Wamselmoore, Miss Margaret Moore, Miss Margaret Taylor, Miss Evelyn Ellis, Miss Cleo Posey, Miss Irene Farrell, Miss Marjorie Coogan, Miss Elizabeth Orlick, Miss Dorothy Taylor, Miss Anne Spring, Miss Mary Englehardt, Miss Ann Englehardt.

**BRIDGE AT HOME.**  
Mrs. August Schilling has sent out cards for a bridge party to be given on the afternoon of Friday, April 15, at her handsome home beside the lake. Miss Elsa Schilling will entertain a group of the younger set with bridge on the afternoon of Wednesday, April 16. The Schillings are planning to close their home early in the season, and go to their country residence at Woodside, where they will spend a number of months in accordance with their yearly custom.

**NEW CLUB FORMED.**  
A new club which has been formed for the consideration of current events, held its first meeting this morning at the home of Mrs. Clinton Walker in Piedmont. The club's members include a coterie of the exclusive matrons of Piedmont, and morning meetings will be held at the homes of the different members, under the direction of Mrs. Charlotte Conover, a well-known lecturer from the East. Mrs. Conover's home was in Dayton, Ohio, and this morning's session included a paper by her on the recent form. Other topics of the day were also discussed. Some of the prominent society women who are taking an active interest in the new club are Mrs.

**DANCE AT COUNTRY CLUB.**  
Four attractive matrons of the smart set are sending out cards for an elaborate dance in the ballroom of the Claremont Country Club Friday evening of this week. The hostesses who are asking their friends to share their hospitality in this fashion are Mrs. Philip Tuttle Clay, Mrs. John J. Valentine, Mrs. Frederick Sherman and Mrs. Allen Chickering. About a hundred society folk of the exclusive set of the bay cities will enjoy the dance, which will be followed by a midnight supper.

**WEEK AT COUNTRY HOME.**  
Mrs. William Griffith Henshaw is spending part of the week at Mira Vista, the beautiful new residence recently purchased by the Henshaws at Montecito. A large addition is to be built to the handsome home, and a number of other

changes to be made before the family leaves for the south to spend the summer months necessitated Mrs. Henshaw's personal supervision. Rose Crest, the home of the Henshaws in this city, will be closed early in June, and the family will go to Santa Barbara to stay until Mira Vista is ready for occupancy later in the season.

**BRIDGE FOR BRIDE-ELECT.**  
Miss Beatrice Cummings presided over a delightful bridge party yesterday at her Alameda home in honor of Miss Constance Van Brunt, who will be married to Lawrence Scott Lynch during the early season. The decorations were effectively arranged, with spring blossoms and foliage. Among the guests were Miss Hilda Van Sicken, Miss Leslie Brown, Mary Krusl, Miss Anna Dodge, Miss Alice Brune, Miss Helen Neal, Miss Dorothy Soule, Miss Ada Mason, Miss Ruth Howe, Miss Etta Schrock, Miss Helen Sargent, Miss Bessie Walden, Miss Amy Walden, Miss Mildred Mallon, Miss Jean Vaughn, Miss Rita Dennison and Mrs. Dudley Sales.

**CLUB MEMBERS ENTERTAINED.**  
The members of one of the clubs of the hillside district were entertained yesterday afternoon by Mrs. William S. Kuder at her home on Monte Vista avenue with a pleasant hour at bridge, followed by tea. The members of the club, which meets regularly during the season, include Mrs. John Q. Brown, Mrs. Maurice Walsh, Mrs. John Louis Lohse, Mrs. John Joseph Donovan, Mrs. Ben Reed, Mrs. Irving Lundborg, Miss Nina Glase, Miss Alice Knowles, Miss Edith Beck and a number of others.

**LUNCHEON TODAY.**  
Mrs. Gordon Blanding was a luncheon hostess across the bay today, entertaining about a score of matrons and maids of the exclusive circle in honor of Miss Richard B. Lounsberry of New York, her aunt. Among those who attended were Mrs. Frederick Sharon, Mrs. William Hinkley Taylor, Mrs. William Denman, Mrs. George Pope, Mrs. Dixwell Hewitt, Mrs. Joseph A. Donohoe, Mrs. Walter MacGavin, Mrs. George H. Mendell, Mrs. George H. Kelham, Mrs. William G. I. win, Mrs. Sidney Cloman, Mrs. John C. Breckenridge, Mrs. Edith Blanding Cole, Miss Laura McKinty, Miss Henriette Blanding, Miss Fannie Friedlander, Miss May Friedlander.

**TO VISIT SOUTH SEAS.**  
Mr. and Mrs. Edward Lacey Brayton and their children will take an interesting trip in the near future if present plans are carried out, as they are making arrangements to sail for Tahiti shortly. Business compels Mr. Brayton's presence and the family will make the trip one of pleasure and business combined. They will spend about two months at the quaint tropic port.

**TO TRAVEL ABROAD.**  
One of the many parties from the coast which are planning a European tour for the summer is composed of Mr. and Mrs. Edgar Jones, Mrs. Overton of San Francisco, sister of Mrs. Jones, and Miss Virginia Walsh of Los Angeles. They will leave in June for New York, and will constitute their journey abroad later, spending about four months in traveling through Europe. The home-coming is planned for the middle of October. Miss Walsh is a niece of Mrs. Jones and Mrs. Overton is well known in the smart set of the southern city.

**CARD CLUB LUNCHEON.**  
Mrs. Frank K. Mott will entertain Monday at her home in Vernon Heights with a luncheon, which will be followed by an afternoon of bridge. Her guests will include the members of one of the card clubs which are so popular with the matrons and maids of society this season.

**LUNCHEON AND BRIDGE.**  
In honor of Mrs. Joseph M. Kelly, who leaves tomorrow for New York en route to Europe, Mrs. Frederick Ellis and Miss Evelyn Ellis entertained at luncheon yesterday. A number of society matrons and maids gathered at the Ellis home for the pleasant affair, which included an afternoon of bridge.

**ANNOUNCE ENGAGEMENT.**  
News of interest to many friends in the bay region is the announcement of the engagement of Miss Alice Hicks to Dr. John C. Wright. Miss Hicks is the daughter of Dr. and Mrs. L. E. Hicks of Berkeley. The wedding date has been chosen for May 21, and will be a home ceremony arranged with the utmost simplicity and attended only by immediate relatives. Dr. Wright formerly resided in Atlanta, Georgia, but is now established at Modesto, where he will take his bride to reside after the ceremony.

**CARDS MONDAY.**  
Miss Wynne Meredith was hostess at a card party Monday afternoon to eight of her friends. Bridge followed a delightful luncheon. Among those present were Mrs. Herbert Brainerd, Mrs. Rose, Mrs. John Britton Jr., Mrs. Goldner, Mrs. Irene Flanagan, Miss Jeanette Miller, Miss Pauline Smith and Miss George Meredith.

**WITH THE TRAVELERS.**  
Miss Dorothy Miller will visit in Portland with her aunt, Mrs. G. Gauld, who has been a guest here for several weeks. Miss Miller expects to make quite an extended stay.

**HONOR CONFERRED.**  
Miss Helen Cornelius has been elected a member of the English Club at the University of California, the honor having been conferred upon her for literary work. Miss Cornelius will take the part of Poetry in the coming Parthenia.

**TRAVELER HONORED.**  
Miss Edna Wilcox was the complimented guest at a tea given by Miss Helen Coburn Heath on Monday afternoon. Miss Wilcox will leave shortly for Europe to continue her musical study.

**THURSDAY LUNCHEON CLUB.**  
Mrs. Edward Morrison will be hostess for the next meeting of the Thursday luncheon and card club. Mrs. Martinoni entertained at the last meeting.

**DANCE AT ANNIVERSARY.**  
Mr. and Mrs. Kingman Putnam have sent out cards for a dancing party April 11, when they will entertain about two score friends of the married set. The dance will be the nature of a celebration of the wedding anniversary of the host and hostess.

**BRIDGE IN ALAMEDA.**  
Miss Marie Louise Tyson entertained about two-score of the belles and debutantes at her home in Alameda this afternoon in honor of Miss Mildred Baldwin. Spring blossoms made an attractive setting for the pretty gowns worn by the society maids who enjoyed the afternoon of bridge and tea. The marriage of Miss Baldwin and James Lowe Hall will take place April 25 across the bay. A number of the guests at Miss Tyson's bridge crossed the bay for the function.

**SERIES PLANNED.**  
Mrs. Martin Louis Woolley will send out cards soon for a bridge party at which she will entertain a number of matrons of the smart set at her home on Bayview. Mrs. Woolley is planning a series of these pleasant affairs before the summer exodus puts an end to the season.

Spring gowns, we learn, will have a Balkan touch; slash up in front, scored behind, and cut bias, no doubt.

## FACE CONTORTION

By LILLIAN RUSSELL

(Copyrighted, 1913, by Lillian Russell.)

**F**ACIAL contortions are responsible for making pretty women really unsightly. Squinting at the sunlight, screwing up the corners of the mouth, dropping the head on the chin, are all habits, and bad habits, formed when women are too young to know that their beauty would be marred by them. When reading many women positively rest the entire weight of their heads on the little under chin, throwing the flesh forward until by habit it forms a double chin that is hard to get rid of. Go to your mirror at the first opportunity and place your head in the position you do when reading and look at the effect. You will never read in that position again, I am sure. If you make ugly grimaces when in doubt about anything, screw up the eyes, twist the mouth to one side or drop your chin on your chest, take a look at yourself and you will see what others see. People are quite unconscious of the grimaces they make when they are off their guard, and many, many women and girls make faces that they would hate to see in others at the slightest disagreeable or serious thought.

I want to make all my American sisters beautiful or help them to be so. Now there is a way to break oneself of every bad habit. It only requires a little thought and some desire to be pleasant to look at. In the first place, a happy thought must replace a doubtful one. Have faith in human nature, even in a shoe store. Say to yourself before you go into a store to purchase anything: "I shall find what I want; I will be patient and kind." What good thoughts will do. That simple little thought will straighten out any face and give a sweet expression to the eyes. The thought, "I will not sulk," will raise the chin and give brightness to the expression. Just to think occasionally, "My face is in repose, my lips are straight and my eyes are clear," will do all you desire to beautify the expression of the hardest face. Simple little thoughts that defy impatience, anger and doubt. Try them, together with a few deep inhalations of pure air and you will realize what I mean. Get out of bad habits that mar beauty of expression and charm. It is easy if you want to do so. A beautiful face in the reflection of a contented mind.

### Answers to Queries.

MRS. B. J.—I am glad you are interested in my little beauty sermons and thank you for your kind words of appreciation. More than one woman has discovered to her horror a multitude of fine wrinkles clustered about her eyes as a result of continual squinting, which one unconsciously does in the fierce

glare of the sun. Years are added and the charm of a naturally sweet expression is lost through the universal practice of squinting. A shade hat and veil should be worn and a parasol should be carried when out in the sun to reduce the glare of the sun. At the first appearance of these wrinkles a reliable treatment should be applied, but in this particular too much care cannot be used in choosing the right means. Correct massage with a nourishing skin food is the most satisfactory treatment. Mas-

RUTH—There is no excuse nowadays for a woman not being good looking. No matter how poor your features are there are certain tricks in this age by which every homely face and figure can be framed to look attractive, at least. You must take a daily morning bath if you wish to appear well groomed and immaculately clean. Nothing appeals to a man more somehow is always bound to show. You must decide for yourself what kind of a bath is best suited to you—hot, cold, or tepid. But a daily bath you must take if you would be healthy and beautiful. I shall mail you the green soap treatment and formula for an excellent cleansing cream if you will send me a stamped addressed envelope.

**ONE DOES NOT MARRY OFTEN, SO ONE CAN AFFORD ALL SORTS OF EXPENSE FOR ONE'S TROUSSEAU**

Of what should a bride's trousseau consist is answered at Magnin's justly famous Specialty Shop.

We will gladly plan your trousseau for you, and if you are out of town will place at your disposal the service of expert shoppers.

There was a time when a prospective bride wore out her eyes and her nerves preparing a trousseau that was to last, well, goodness only knows how long. Things are different now and prospective brides buy what they need for a reasonable length of time at just such a place as Magnin's.

Says the great Redfern: "Nowadays no smart woman would think of having her linen made in dozens with each one an exact copy of the other. Instead, underclothing is made in 'sets,' a set comprising chemise, knickers and petticoat bodice. Each set is different and carefully chosen from among the dozens of models that have been designed by artist-designers." This is very much as we think at Magnin's, except that we include gowns in some sets, and modify sets to suit the taste of the patron. Come in and let us show you the new things that are arriving for June weddings.

Charming lingerie for the bride's trousseau from designers picked out in Fairyland. See Magnin's.

Each garment, whether chemise or night dress, and especially the petticoat bodice, is as carefully fitted as would be a dress or coat.

**SCANTILY TRIMMED MUST BE YOUR HAT**

This is a cause of despair to the manufacturers of trimming, but a delight to the designer and the wearer.

Some designers play up quiet, one-tone effects, but others choose all the gay colors of a flower-garden.

No matter the type of hat; no matter the color of the hat; no matter the age of the wearer, all agree hats must be soft, light of weight, and after the manner of the frock, with which it is to be worn.

All of a sudden, wings seem to be used everywhere, but there are those among the great modistes who say, "Use flowers; use flowers in abundance."

We, of California, gladly respond to the dicta for flowers, for flowers are our natural companions.

Now who could resist this soft straw of a gypsy type, with its flat wreath of rose leaves, held by this gorgeous bunch of silk roses?

Now, who could resist it? Certainly not the pretty face that has rich ivory coloring, framed by satin locks drawn down Madonna-fashion. Can't you see her now, with a quaint reticence—such a face as Harrison Fisher paints, and which looks so winsome in such a rose-garnished hat. Or would you rather have a "Sporting Duchess," fresh from a polo game, chose a distinctive, tailored hat such as Magnin imports from England? But it matters not what type of feminine beauty you choose, the hat for it is here at Magnin's in imported models or in distinctive styles such as our own Millinery Department creates. All you have to do is to tell us what price you want to pay and we adjust the hat to your demands.

Madame Groult is responsible for the hats made of printed stuffs such as toile de Jony and cretonnes. They are wonderfully quaint for the Summer resorts.

The Derby shape is having its inning. Severely tailored, or elaborately trimmed, it is equally popular.

**YOUTH AND BEAUTY MEET AT MAGNIN'S IN THE JUVENILE DEPARTMENT**

Here Come Old Folks, Young Folks and High School girls, all with the knowledge that Magnin's specializes in youthful apparel at moderate prices.

Tailored, dressy, wash fabrics and all the silks that are used for young folks are here in Ready-to-Wears.

If you are sighing for your "days that are gone," come in to Magnin's and sit and watch the younger set as they buy their clothes, for there is no prettier sight than a bevy of school girls with their mothers, sometimes with their teachers (if from boarding schools) and sometimes alone, as they come girlishly chatting. Their eyes are aglow, not only with the sparkle of youth, but with pleasure anticipation, for they know at Magnin's they find just what they want at the price they want to pay. This week there is a new one-piece dress that is catching the eyes of all. Its blouse is of colored ratine and its skirt is white. It's very chic and simple and moderately priced. Come see it! You'll like it!

Popular Paris colors—putty, mastic, copper, Oriental red, terra cotta, and vert gris (a delicious shade of green).

For the bride-elect, choose as a gift any dainty piece of lingerie at Magnin's and you will give her dainty gift.

## ETHEL WILLIAMS, CANDY GIRL, FLEES CITY

### JOSLEN TRIAL STOPPED BY WITNESS

Girl Accuser of Doctor Leaves to Avoid Further Notoriety.

Engaged to Be Married, Sales Girl Hides With Mother and Sister.

SAN FRANCISCO, April 9.—Ethel Williams, a candy salesgirl, who charged Dr. Otto C. Joslen with having betrayed her, has left the city, the district attorney's office learned today, in company with her mother and her sister, important witnesses for the prosecution. Whether she is still in the state or not, the district attorney was trying to learn today. The third trial of her charges was set for next Monday.

Mrs. Williams, it was learned, sold her furniture and departed a week ago for Los Angeles, whither her two daughters had preceded her. At the shop where Ethel Williams was employed a postcard dated Los Angeles, signed by her, has been received by one of her friends.

The first trial of Dr. Joslen resulted in a dismissal. In the second trial the jury reported that although it unanimously agreed Dr. Joslen was guilty as charged, there were circumstances surrounding the conduct of the girl which prevented it from recommending a verdict of guilty in his case unless the girl could be punished as well. Accordingly, the second jury also disagreed, in spite of instructions from the court that the conduct of Ethel Williams had nothing to do with the case under their consideration.

### LOVES ANOTHER MAN.

This morning it was learned that the young woman had fallen in love with a young man of her acquaintance and that she is engaged to marry him. The groom-to-be is an employee of a Market-street candy store who has been seen frequently of late with Miss Williams at downtown theaters and who has been paying her much attention. The girl desires to wed her sweetheart and shrinks from the notoriety of a third ordeal on the witness stand during which she is forced to tell the story of her downfall. For nearly a week the district attorney's office has been trying to find Miss Williams, her sister Hazel and her mother. The matter of their disappearance was reported to Superior Judge Lawlor last Thursday and by order of that court was kept secret. Detective William Coleman of the district attorney's office learned through the postoffice that the Williams family had had their mail transferred to Los Angeles. A process server, was sent there with subpoenas for them to appear next Monday at the trial of Dr. Joslen, but they could not be found.

### WAS RELUCTANT WITNESS.

Today it was learned that Miss Williams testified at the last hearing only after strong urging on the part of the prosecuting officers of the court. She appeared more modest and retiring and more heartbroken over her recital than on the previous occasion of telling her story and several times begged to be relieved from the withering cross-examination of counsel. Her attachment for the young man who has come into her life is believed to have been responsible for this and it was admitted today that most likely she had gone out of the state, where she will probably remain until the Joslen case is disposed of.

Judge Lawlor said today that was his theory of the matter and that the young woman was shrinking from further notoriety. The court cannot reach a witness outside of the state, and even if Miss Williams has gone only to Nevada she cannot be brought back.

### LEFT THE CITY.

The young woman and her sister left the store on Market street where they were employed on March 23, and on March 31 went by boat to Los Angeles, followed two days later by their mother. Mrs. Williams had previously disposed of her rooming house at 621 Ellis street. So far the evidence points to a quiet flight on the part of the trio, but nothing has been uncovered which would indicate that pressure had been brought to bear on them asking them to leave the state other than a mysterious telephone message received by Mrs. Williams while she was living at the Atherstone apartments, 515 O'Farrell street. It is not thought likely that Judge Lawlor will dismiss the charges against Dr. Joslen until the disappearance of these witnesses has been thoroughly investigated. It is not unlikely that they will communicate with the court when they have reached a haven of refuge providing that their going has been only the result of an effort to shield Miss Williams and has not been caused by pressure from other sources.

The New York Musicals hardly could have received more space if they had been indited for grand opera.

### BISHOP HANNA TO BE GUEST OF HONOR

Catholic Societies of Alameda County Will Be His Hosts.

Program for Evening of April 22 to Include Music and Addresses.

Right Rev. E. J. Hanna, auxiliary bishop of San Francisco, will be the honored guest at a reception to be given at the Hotel Oakland Tuesday evening, April 22, by various Catholic societies of this county, including the Knights of Columbus of Oakland, Berkeley and Alameda, Councils Nos. 6 and 8, Young Men's Institute, the Daughters of Isabella, the Ancient Order of Hibernians, Catholic Knights of America and the Catholic Ladies Aid Society.

The program of the evening will include songs by James J. Roeborough and Miss Julia Heinrichs, an address by John J. McDonald and a response by the Right Rev. Bishop Hanna.

On the reception committee are Judge William H. Donahue, Dr. J. L. Milton, C. D. Maloney, John J. McDonald, M. R. Bronner, F. M. Cernin, William Hennessey, James J. McElroy, Hugh Hogan, Dr. J. L. Sloan, E. E. Dyer, J. H. McDonald, J. F. Mullins, Mrs. J. H. Milton, Mrs. M. Barnett, Mrs. H. E. Magee, Mrs. J. O. Lighthouse, Mrs. H. J. Quinn, Mrs. Thomas P. Hogan, Mrs. Hugh Hogan, Mrs. J. A. Kennedy and Mrs. M. R. Bronner.

### ROUTS OUT 'BUG' IN \$1,000,000 BOND MEASURE

Strobridge Declares the 1915 Fair Donation Should Be Up to People.

Would Allow Popular Vote to Settle Matter; Delay Is Welcomed.

SACRAMENTO, April 9.—Senator E. K. Strobridge of Hayward believes he has discovered a "bug" of enormous proportions in Senate constitutional amendment No. 34, introduced by Senator E. J. Tyrrell of Oakland for the purpose of allowing the county of Alameda to be bonded for \$1,000,000, with which to buy stock in the Panama Pacific International Exposition as an aid to the 1915 San Francisco fair. The amendment was introduced by Senator Tyrrell on behalf of the Oakland Chamber of Commerce. When it came up on the third reading file for final action yesterday Senator Strobridge took the floor against the measure.

"I will never vote for such an amendment," he said, "even though it be a laudable one and show Alameda county's willingness to co-operate with the great fair. I cannot consistently support a measure that does not give the people to be burdened with the debt the right to say on whether or not the debt shall be created."

### WANTS POPULAR VOTE.

"There is something wrong with this amendment. Should it pass the Legislature, it would allow the supervisors of Alameda county to issue a \$1,000,000 bond against the taxpayers and those taxpayers would not have the right to stop the action. I do not want to defeat the purpose of the amendment. If there is a further provision made allowing the issuance of the bond by a two-thirds vote of the people, as is customary, I will gladly support it."

"I ask that Senator Tyrrell be allowed to let action on the amendment go over until he has communicated with the Oakland Chamber of Commerce as to whether or not there is not an error in the amendment or not."

### WILLING FOR DELAY.

Senator Tyrrell, who went on the basis that the measure had been properly drafted by competent attorneys and who, under the press of other matters in connection with his chairmanship of the county delegation and the Senate committee on banking, had not had time to scrutinize the amendment closely, was glad of the opportunity to have final action postponed. He has communicated with the Oakland Chamber of Commerce as to what action it would like to have taken on the amendment.

### Fourteen Years for Stealing 60 Cents

"Strong-Arm Man" and Pal Get Heavy Sentence From Lawlor.

SAN FRANCISCO, April 9.—For stealing only 60 cents John Kelly must serve 14 years at hard labor at Folsom penitentiary and John Brown must work in the lava mill at San Quentin prison for eight years. The pair were convicted of holding up Joseph Starck on February 5. They committed the crime in strong-arm style but six dimes constituted Starck's bankroll. The prior records of the pair and the manner of the robbery contributed to the stern sentences imposed by Superior Judge Lawlor today.

MRS. G. POND OF SANTA CRUZ DEFEATS MRS. WALTER MARTIN

CONTESTANTS IN NORTHERN CALIFORNIA GOLF CHAMPIONSHIP PLAY, (LEFT TO RIGHT) MISS JANE HOTALING, MRS. GEORGE ARMSBY AND MISS DOROTHY DEMING.

### MRS. STONE WINS HER MATCH 2 UP

Second Round of Ladies' Division Is Taking Place This Afternoon.

A surprise was sprung yesterday afternoon in the first round of the ladies' division of the northern California golf tournament being contested at the Ingle-side course, when Mrs. G. P. Pond of Santa Cruz defeated Mrs. Walter Martin. It was one of the closest matches of the day and took nineteen holes to decide. Mrs. Martin appeared to be a certain winner but at the nineteenth hole she failed to sink an easy putt and her opponent was the victor. Mrs. Martin was not up to her usual standard of playing and missed a number of chances to win.

Another interesting match which was undecided until the greater section of the course had been traversed was between Mrs. J. R. Clark and Miss Marion Stone. Miss Stone succeeded in winning 2 up. The winner is captain of the San Francisco team and the clever manner in which Miss Stone putted against her more experienced opponent evoked much favorable comment.

### HAVE LITTLE DIFFICULTY.

As was expected Miss Alice Warner and Mrs. C. Ford of Claremont had little difficulty in winning their matches. They are expected to enter the finals from the lower half of the drawing.

This afternoon the second round of the tournament is being contested on the

### T. M. NOSLER PASSES AWAY AT AGE OF 84

Was Prominent Figure in Legislative Lobby for Over 30 Years

BERKELEY, April 9.—Thomas M. Nosler, a prominent figure in California politics, and an employee of the Southern Pacific secret service department for more than thirty years, died yesterday at the Sylvan sanatorium at 1833 Delaware street, where he had been taken several days previous seriously ill. Nosler was 84 years of age and had lived 33 years in Berkeley. Funeral services will be held tomorrow and the remains will be cremated and the ashes shipped East.

Coming to California in 1851, Nosler engaged for a time in mining in Nevada and this state. About 31 years ago he entered the employ of the Southern Pacific company and remained with them up to the time of his death. He was a familiar figure at every political convention and every session of the legislature for upwards of a quarter of a century. Associated at first with W. H. Mills, C. P. Huntington and Senator Stanford, Nosler remained with the company after these men had gone, and reported in turn to their successors. He was gifted with a remarkable memory for names and faces and circumstances that made him an especially valuable member of the Southern Pacific lobby at Sacramento.

Nosler lived most of the latter part of his life on his own property at 417 Bancroft way. His death followed an illness of several months, during the latter part of which time only he was continued in his bed. He is survived by a brother and two sisters, residing in Ottumwa, Iowa.

### MERCHANTS ELECT 'CHANGE OFFICERS

Directors Also Chosen for the Coming Year by Business Organization.

The election of the Merchants' Exchange officers and directors was held last night. E. F. Mueller was named president for the coming year, and Robert Robertson, vice-president. Wilbur Walker was re-elected secretary by acclamation and J. C. Downey, treasurer. The following board of directors was elected:

Louis Aber, H. C. Coward, F. B. Conk, D. Crowley, T. Dorgan, J. C. Downey, L. H. Davidson, Herman Gard, Theo. Gier, W. E. Gibson, W. V. Harrington, W. P. Hook, A. Jones, P. Kisch, W. G. Logan, H. Mott, E. F. Mueller, R. Robertson, A. H. Schleuter, F. W. Sharpe, C. J. Soist, A. G. Taft, C. H. J. Truman, H. G. Williams, B. A. Young.

Honorary directors, George W. Arner, F. C. Elison, Fred Kinschler, H. M. Sauerborn, Wilbur Walker.

President A. G. Taft, on retiring, spoke of the work of the exchange during the past year.

"We have secured 300 new members," said he, "and have put into effect several important innovations, among them are the monthly talks by directors on Oakland's business chances, and another is the plan of visiting different factories."

### U. S. FROWNS ON NEW PLAN OF LOVETT

McReynolds Refuses to O. K. Dissolution Proposal for U. P.-S. P.

Railroad Head Will Go Before Court Despite the Ruling.

WASHINGTON, April 9.—Attorney General McReynolds disapproved today the new plan for the dissolution of the Union Pacific-Southern Pacific merger recently submitted to him by Robert S. Lovett, chairman of the Union Pacific board. The Union Pacific, nevertheless, will submit the plans to the United States court in St. Louis. Lovett has advised the attorney-general.

The proposed plan now goes to the court with the opposition of the attorney-general on the ground it does not meet the decree of the supreme court dissolving the merger. The plan proposes that the Union Pacific place its \$126,000,000 of Southern Pacific stock in the hands of a trustee for a limited time, receiving beneficiary certificates for it. The stock would be distributed.

**STOCKHOLDERS COULD BUY.**  
Stockholders of the Union Pacific would be permitted to buy a thousand shares each.

The attorney-general believes that the same objections apply to that arrangement as applied to the original suggestion of the Union Pacific that the Southern Pacific be distributed pro rata among the stockholders of the Union Pacific. That suggestion was disapproved by the supreme court.

The attorney-general declined today to indicate what would be the government's course in case the court in St. Louis upheld the state plan.

### FAIL TO VOTE STOCK.

LOUISVILLE, April 9.—In conformity with the decree of the supreme court of the United States dissolving the Union and Southern Pacific merger, the Southern Pacific stock held by the Union Pacific was not voted today at the annual meeting here of stockholders of the Southern Pacific Company. The names of Robert S. Lovett and others conspicuous in the old board do not appear in the list of directors elected today.

These were L. F. Loree, Ogden Mills, L. J. Spenges, Wm. Sproule, E. P. Swenson, J. N. Wallace, Julius Kruttschnitt, C. M. Bliss, Walter P. Bliss, Henry W. Foster, Robert G. Gable, J. H. Harding, Charles W. Harkness, H. E. Huntington and J. M. Jarvie.

Before directors were elected today it was necessary to authorize a change in the by-laws permitting the majority of the stockholders not disfranchised by the supreme court's ruling to constitute a quorum.

### SPHINX CLUB MOVES.

ALAMEDA, April 9.—The Sphinx club of this city moved into its attractive new home at the foot of St. Charles street and the members have been actively engaged in arranging for a number of social functions.

The club's baseball team played last Sunday morning at Recreation park and defeated the Aegean club by a score of 9 to 6.

# ALAS!! BUT FIVE OAKS WE HOPE TO DO LOST

## Major League Season Starts Today With Game at Brooklyn.

### MISPLACED CONFIDENCE BRINGS WOE TO OAKS

Pernoll's Benders Are Candy for Norsemen Who Land Quick Knockout

[By BILLY TITA.]  
O, why should the spirit of mortal be proud?  
The Oaks drew a cipler, the Ducks got a crowd!  
Misplaced confidence on the part of "Pa" Mitzel resulted in the beans being spilled at Recreation park yesterday afternoon when the champions of 1912 made their debut as the home team against McCredie's dandies. Mitzel was confident that the northerners were specially designed to show us just how good "Bud" Pernoll really was. Bud, being a southerner, and the Ducks being of the same persuasion, Mitzel could see glory in sight. That is he thought he could. But, brethren, let us pray!

The Ducks belabored Pernoll for five hits and four runs in the first two innings, while the best the Oaks could do was to cut two nitches in the B. If column during the nine innings that Harry Krause was knowing us a line of southern goods which he had hoped might be found amongst Pernoll's possessions.

Though there are no excuses available for Pernoll, it is a question whether the Oaks would have won yesterday if they had Ed Walsh pitching for them. Coach had decided on-day. Cook made two bad errors. Zacher's only throw to the plate bore no resemblance to his usual performance. The result of the game was not calculated to cause any excitement in the bleachers. Zacher's contribution to the list was more for the injured fingers are healed. Rohrer caught a nice game yesterday, but made exercises in wonderful influence in steadying the pitcher and in inspiring confidence in the team.

Ness will have to be more alert the balance of the week than he was yesterday or the speedy Ducks will take advantage of him. The fastest man on the Beaver squad, took two bases on an infield out. Ness might have caught Pitt at third base, but he was past before Ness woke up, and then his throw to Helling was none too good. Fitzgerald is just the lad to pull a similar stunt every day if they don't watch him.

The very first ball which Pernoll pitched yesterday was returned by Cichewitz to the c. f. for a pippin of a double. He got us a third hit, but perishing Bud managed to stave off a run by retiring the next three men on infield outs. Calamy led the way in the second round. Kreuger played a single in left and moved up a rung when the over-anxious Mr. Cook played a ball which watching for the play, but the runner was past before Ness woke up, and then his throw to Helling was none too good. Fitzgerald is just the lad to pull a similar stunt every day if they don't watch him.

Jack Lively, the former Oak whom Walveston figured would be one of his mainstays in the box this year, lasted just as long as last year. He pitched against the Angels. Two infield singles and a perfect sacrifice hit Lively to the base, and the second round and the third round were over. The third round was rushed to the rescue and a retired side without further damage.

Ar Uncle Sy would remark, them durned waks are h— Two Angels worked Williams for passes in the third round, and immediately thereafter Ernie Johnson scored them both with a rasping double.

Abbot was put in to bat for Pernoll in the eighth and Ometted went into the box in the ninth. The Escanaba violinist was hit with a pitch and one run and the game ended in gloom.

Krause was not the only star in the circus yesterday. Bill Perritt followed the Wolves by two hits at Sacramento.

Word comes from the South that Brashers is not as badly injured as at first reported. He will be back in the game in a couple of weeks.

"Dutch" Reuther, the St. Ignace boy, who jumped into fame when he held the record for the longest time in the game, was hit by a pitch and one run and the game ended in gloom.

Cal Ewing denies the statement made by Joe Conn of the Spokane club that Cal Ewing is to be traded to the Seattle Seals, is slated to return there. Del Howard has not decided as yet to dispose of Cadogan, and if he did there would be no certainty of the Seals pitcher's returning to Spokane. Under the new rules, it would be necessary to get away from Cal Ewing and his Seals clubs before Spokane could have him.

According to Ed Walsh, the great Chicago pitcher, the best game he ever pitched, he lost. Walsh faced Addie Joss and the latter didn't allow a hit. Walsh's fans, who are permitted to throw scratch singles, losing 1 to 0.

Under the new rules, it would be necessary to get away from Cal Ewing and his Seals clubs before Spokane could have him.

According to Ed Walsh, the great Chicago pitcher, the best game he ever pitched, he lost. Walsh faced Addie Joss and the latter didn't allow a hit. Walsh's fans, who are permitted to throw scratch singles, losing 1 to 0.

Cal Ewing denies the statement made by Joe Conn of the Spokane club that Cal Ewing is to be traded to the Seattle Seals, is slated to return there. Del Howard has not decided as yet to dispose of Cadogan, and if he did there would be no certainty of the Seals pitcher's returning to Spokane. Under the new rules, it would be necessary to get away from Cal Ewing and his Seals clubs before Spokane could have him.

## THE SPORTLIGHT FLASHED ON EVERY FIELD

A special meeting of the New York club probably will be called soon to act upon Sir Thomas Lipton's challenge for a match for the American's cup.

As a result of the withdrawal of the English team, the international chess match which was scheduled to take place Saturday at Princeton, N. J., between all college teams of England and America has been called off.

Interference with preparations for their June examinations was given by the Englishmen as their reason for withdrawing.

Iowa City high school won the national high school rifle championship, defeating Salt Lake City in the final match at Iowa City, Iowa, last night.

Swedish athletes who won championships at the Olympic games in Stockholm last summer are to be invited to participate in the American Olympic games to be held here from June 28 to July 6.

"Polly" Grimm, former national amateur heavyweight wrestler, and John Berg, national light heavyweight champion, were scheduled to fight at Seattle, Wash., last night, neither man securing a fall.

Lewis Omer, a graduate of Illinois University, has been appointed director of athletics at Northwestern University and Dennis Granby, formerly of DePaul University will coach the football and basketball teams.

George Johnson, the St. Joseph, Mo., Western League club's Indian pitcher, was sold to Cincinnati National League team yesterday. He will join the Ohio club at once.

The local high school track athletes are training daily on the cinder paths. Three of the most important of the year's track meets have yet to be contested.

The Stanford meet will be held at Palo Alto on Friday and Saturday, the San Francisco sub-league of the Academic Athletic League's annual meet will be held at the University of California Oval on May 10.

Henry Berry has a new south-paw on his staff. He would be tickled to get Walter Leverenz back from the big show but it looks as though Walter will stick.

Harl Maggart is beginning to show some of the traits which made him undesirable with the Oaks. Last Friday at Los Angeles he tried to brow-beat Monsieur Francois Hopp and found that the Frenchman had a warlike disposition of his own. Players prevented a fight.

In the spring a young man's fancy lightly turns to two-base hits. Lightly turns to two-base hits. Lightly turns to two-base hits. Lightly turns to two-base hits.

Naeshville has a player named Bunting, but he isn't exceptionally good at all.

What was the name of that young fellow who beat Ed Walsh? Oh, yes, Ritz.

### OAKS TO DEDICATE NEW BALL PARK TOMORROW

The official dedication of the new Oakland ball park will take place tomorrow afternoon following a luncheon under the auspices of the Oakland Commercial Club at the Hotel Oakland. Approximately 100 people will sit down at the luncheon at 12:15 promptly, with the Oakland players and Manager Carl Mitzel and the officials of the club as the guests of honor.

### TWO CALIFORNIA "D" LEAGUES WANT "C" RANKING

While the northern California class D league is diligently striving for class D recognition from the national commission, the southern California class D organization is striving equally as consistently in order to keep them from getting the class C rank, and is also making a determined effort to get a class C ranking itself.

The northern league which has its president, Allan T. Baum, who is also president of the Pacific Coast League, is regarding the southern class D as a hindrance to the class C ranking material, and the southern league officials will not let the northern league get the class C ranking, which will allow them the privilege of drawing any of the "D" league players they happen to wish.

### HAYWARD WRESTLER IS OUT WITH DEFTY TO STATE

HAYWARD, April 9.—Joe Mendonca, middleweight wrestler of Hayward, has issued a challenge through his manager, Joseph Vargas, to meet any wrestler on the coast turning the scale at 158 pounds. Mendonca although a comparatively recent addition to the ring, has secured a number of notable falls. He defeated the champion of San Diego, Jack Sattler of Newark, and "Pompadour" William Meera of Hayward, formerly of Peoria, Ill. As a result of his victory, Mendonca claims the middleweight championship of the state of California.

Mendonca comes of a wrestling family, his younger brother, Mendonca, being almost up to the standard of Joe.

### KAUFMAN AND LESTER NEW FIELD DEDICATED BY PHILLIES AND HOME CLUB

Leach Cross' Showing Against Joe Rivers Entitles Him to Consideration. Tomorrow Both Circuits Will Be in Full Swing With Eight Entries in Each Race.

(By THE TIMEKEEPER.)

The four-round card of the National Club of San Francisco as arranged by Promoter Mitchell for Friday night presents quite a pleasing appearance—on paper. A heavyweight bout between Jack Lester, a northwestern heavyweight, and Al Kaufman, the Californian, will show the northwesterner in his first appearance before a local audience. Lester is said to be a good performer, and among his recent goes was one with Sam McVey, Bill Lange and other heavy weights in Australia, where he made a short tour.

He is desirous of getting matches with the best of the American heavyweights and his manager, Billy Kane, is ready to back him against Combat Smith.

Kaufman is sanguine he can defeat the northwestern man and he is training faithfully. He is located at Mitchell's east and reports that camp are to the effect that Kaufman is in great shape.

Jimmy Howard, the eastern middleweight is another scrapper who is appearing here for the first time. Howard is matched to box four rounds with Willie Adams, the fighting news for the latter is a slam bang scrapper, who keeps knocking all the time and he should make Howard extend himself. Howard is considered by the eastern fight experts to be a very capable performer.

The contest between Tom Nichols and Walter Coffey promises to furnish plenty of action. Nikola has been fighting in good form since his arrival here several months ago and he carries an excellent wallop.

Five ring winners complete the card.

### Tollen Replaces Cliff

Jimmie Tollen of the Oakland Wheelmen's club announced this morning that he had replaced Cliff Lester in the evening of April 16. Jack Tollen has been substituted for Cliff Lester in the evening of April 16. The Oakland Wheelmen's club announced this morning that he had replaced Cliff Lester in the evening of April 16.

### Must Figure Leach

Leach Cross can now be reckoned as a legitimate contender for lightweight honors. The little Hebrew last night, holding Joe Rivers, the Mexican lightweight, to a ten-round draw in New York. According to the reports from the coast, Cross was a greatly improved fighter and, if anything, showed to a slight advantage over the Mexican.

The showing of Cross last night was quite a surprise. He met Rivers several months ago and was outpointed. Another fact which caused considerable comment from ringiders was Cross' coming down to 125 pounds at ringside. It was expected that this weight would weaken him, but the sturdy little Cross proved conclusively that he was still in the ring. Rivers weighed in at 123 pounds.

Willie Adams, a Philadelphia boxer, is in town looking for matches. Adams brings a fine record with him and will probably prove a good entertainer. His last fight, which was with "One Round" Hogan several months ago at New York, resulted in a draw. Adams fights at 148 pounds.

Through his manager, H. W. "Queenie" Richter, Frank Waldorf, welterweight champion of the Pacific Coast, lost the decision to Horner, but he says that he thinks that he was entitled to a draw. Waldorf declares that he will meet Horner at any time the latter wishes. An acceptance of Waldorf's challenge will be received by Manager Joe Mendonca at his home, 240 Lakeside street and San Pablo avenue, or phone Lakeside 240.

### SANTA CLARA TRACK MEN DEFEATED BY STANFORD

STANFORD UNIVERSITY, April 9.—Stanford freshmen defeated Santa Clara College, 76 to 46, in yesterday's track meet here. Hankamp of Santa Clara was the star performer, taking first in the high jump, tying for first in the 100-yard dash and taking second in the 100-yard hurdles. He also ran a lap in the relay.

### BASEBALL LEAGUE FORMED.

A four-team league between the freshmen, sophomore, Junior and Senior classes of Fremont High school will begin in a short time. Captains and managers of the teams will be chosen and some interesting contests are promised. Clem Drew is leading the Sophomore team. Stancliff is leading the Junior team. The other team officers will be chosen later.

HEALTH DIRECTOR  
IS NEW PLACE

Place Will Carry \$3000 Salary  
and Be Filled by  
Examination.

The special board of examiners to ap-  
point recently to adopt a plan of con-  
ducting the civil service tests to fill the pos-  
ition of health director of Oakland, which  
was created by ordinance at the time of  
the reorganization of the health depart-  
ment, but has never been filled, has com-  
pleted its labors. The examination will  
be held in Oakland June 30 and applica-  
tions will be received from physicians of  
any city of the United States, the examina-  
tion having been thrown open in the  
hope of obtaining the best available man.  
The special board appointed consisted of  
Dr. E. N. Fayer, health officer of Oak-  
land; Dr. W. F. Snow of the state board  
of health; Professor Charles Gilman Hyde  
of the University of California; Dr. C. W.  
Hawley, Dr. H. H. Thomas and Dr. W. A.  
Sawyer, head of the state bacteriological  
laboratory at Berkeley.

The board has prepared a set of ques-  
tions and practical tests. The health di-  
rector, under the new plan, will have  
the time to devote to the city and will  
receive a salary of \$3000 a year to  
start with, with the prospect of an increase.  
Dr. Fayer will remain health officer, but  
that position will be made an honorary  
and advisory one.

NUMEROUS BURGLARIES  
REPORTED TO POLICE

When he retired last night E. J. Kelley,  
453 Fifty-ninth street, hung his trousers  
on the door knob. During the night a  
thief used a skeleton key to open the door  
and took the trousers, containing \$50 in  
cash. The trousers were found in an  
adjacent house by Mrs. M. S. Cole of  
440 Fifty-ninth street.

Burglary reports were made by Lawrence  
O. Gibbons, 619 East Tenth street;  
Mrs. H. Masters, 618 East Tenth street;  
H. J. Richardson, Metropolitan Hotel, 315  
and 317 East Tenth street, where entered  
without loss, and E. A. Hill, 878 Seven-  
teenth street, residence entered.

J. M. Bassett declared that he was held  
up last night at Tenth street and Twen-  
ty-fourth street and robbed of \$5.  
Richard C. Wuerst, 1245 Sixty-first ave-  
nue, reported the theft of tools from his  
tool shed, value \$10.

ELECTION TO SETTLE  
ANIMAL HOME ROW

That the petition calling for the sub-  
mission at the next general election of an  
ordinance for settling the animal home  
row in residential districts has a  
sufficient number of signatures, and  
that the matter must be placed on the  
ballot, was the report made to the city  
council this morning by City Clerk H. E.  
Riggle. The petition is the result of a  
fight against the proposed animal home  
row planned by the Society for the Prevention  
of Cruelty to Animals in East Oakland,  
which has been bitterly fought by resi-  
dents of that section both in the city  
council and the board of education, which  
was requested to join the protest.

DIVORCE GRANTED ON  
ALLEGATIONS OF CRUELTY

Eight years of married life was termi-  
nated for Mrs. Nellie Gillespie this morn-  
ing when Superior Judge Wells granted  
her an interlocutory decree of divorce  
from W. S. Gillespie on the grounds of  
cruelty.

On the grounds of desertion Arthur A.  
Pitts was granted an interlocutory decree  
from Maggie Pitts. He testified that she  
eloped with another man and that she  
refused to take her back two years later.

BY NEAPOLITAN  
GUITAR CLUB

MRS. ARTHUR H. JORDAN.

The annual concert of the Neapolitan  
mandolin and guitar club will  
take place tomorrow evening in Na-  
tive Sons' Hall in San Francisco, and  
will draw a large attendance of so-  
ciety and musical folk from both sides  
of the bay. The concert is invita-  
tional, and is under the direction of  
Miss Theresa and Miss Lily Sherwood.  
The members of the club will be  
assisted by Mrs. Arthur H. Jordan,  
who has been prominent in musical  
affairs under the name of Senorita  
Flora Arroyo, and by Mrs. H. Atherton  
Barber, Signor Sigmund Martinec  
and Charles E. Lloyd Jr. A  
number of girls from this side of  
the bay are included in the membership  
of the club. Those who will take  
part in the concert will be:

GRAIN MARKET  
IS UNSTEADY

Rains in the Winter Wheat Belt  
and Low Prices in English  
Market.

CHICAGO, April 9.—Covering by shorts  
sent wheat futures down to 1 1/2¢, and  
which prices were from a shade to 1/4¢ lower.  
General rains over the winter wheat belt  
and low prices in the English market  
at the start, may open a shade to 1/4¢  
lower at 91 1/2 to 91 3/4. The evening buying  
brought May up to 92 1/4.

Wheat—Still higher prices were reached  
because of reports of poor seeding weather  
over big crops and poor seeding weather  
over big crops, with May at  
92 1/2 to 92 3/4, a net gain of 1/4¢.

Unfavorable weather in the corn belt  
sent prices up to 1 1/4 to 1 1/2¢, and  
higher at 92 1/4 to 92 3/4, and advanced to  
92 1/2 to 92 3/4. Scattered commission buyers  
advanced oats. May opened a shade lower to 4 1/4  
to 4 1/2 higher at 92 1/4 to 92 3/4 and firm up to  
92 1/2 to 92 3/4.

The market became very strong and active on  
account of tightening. Profit taking sales checked  
the advance a little. The close was strong,  
with May 92 1/4 to 92 3/4, net gain of 1/4¢.

Provision opened irregular, showing a range  
of the lower to be higher, with May prices  
91 1/2 to 91 3/4, for pork, 12 1/2 to 12 3/4, for lard  
and 11 1/2 to 11 3/4, for beef, but buying prices  
were firm in pork.

STOCKS RISE AND  
FALL ON REPORTS

Trading Marked by Handsome  
Advance and Dismal  
Falling Off.

NEW YORK April 9.—The more cheerful  
reports of European markets today facilitated a  
further advance of the short interest which was  
further aided by prices in the early  
trading. Improvement in financial and political  
affairs abroad was reported in cable dispatches  
and a reduction of discount rates by the principal  
banks of Europe added 1 to 2 points  
to the level of the market. The advance in  
the price of the market was not, however, a  
reflection of the fluctuation of large stock and  
bond prices. The advance in the price of the

The committee of arrangements has been working for weeks for the success of the affair and as a large number of friends outside of the order will be in attendance a delightful evening is anticipated. On the committee of arrangements are Mrs. J. Lynow, chairman; Mrs. Carl Smith; Mrs. A. Christensen; Mrs. N. Mattson and Miss Kate Bowman.

### ACCUSES PORTER OF LOOTING SAFE

**Hotel Manager Declares That  
Employee Got Away With \$300.**

SAN FRANCISCO, April 9.—Entrusted with the care of the office at the Stanford Hotel, 350 Kearny street, at a late hour last night, William Coffey, the night porter, is accused by Manager I. Harris with having opened the safe, extracted \$300 in cash and fled.

The hostelry has been short of clerks for several days and Manager Harris has been endeavoring to fill the gap. Last night he retired at midnight, placing Coffey in charge. The day porter, Radolphe Du Charne, was awakened and assigned Coffey's duties. He declares that about 9 a.m. Coffey told him he was going into the bar to make up the cash and asked him to look out for the office and call him if anything was needed.

De Charne stationed himself beside the telephone exchange and after a half hour had passed, began to wonder at Coffey's continued absence. Finally at 4 a.m. a guest, taken ill, summoned De Charne to his room. The clerk could not leave the office alone and went to look for Coffey. He discovered him missing with both the safe in the office and the one in the bar wide open.

Manager Harris was awakened and a hasty inventory disclosed the fact that \$300 had been stolen. The proprietor declared Coffey is responsible and so informed Detective Street, who investigated. Telegrams were sent in every direction containing a description of Coffey, who is 25 years old, 5 feet 7 inches tall, clean shaven, light hair and complexion.

### ACCUSES TWO MEN OF LOOTING HIS ROOM

SAN FRANCISCO, April 9.—Edmund Burk of 34 South Center street, Stockton, summoned the police to the New Western hotel, 808 Kearny street, at 6:30 this morning, declaring that he had been robbed of \$55 in coin and \$4.50 in valuables. He had awakened to find his window, which faces on a light well, open. The officers forced their way into an adjoining apartment occupied by William Cramer and Earl Connolly. In Connolly's pocket a mirror was found which Burk identified as his. Connolly declared that he had picked it up in front of the hotel. By order of Detective Sergeant Dobbin, Cramer and Connolly were placed in detinue pending a further investigation.

### HUTTON & COMPANY HAVE NEW OUTSIDE MAN

SAN FRANCISCO, April 9.—Harry A. Lanborn of the firm of E. T. Hutton & Company, stockbrokers, has been transferred from the Washington, D. C. office of the concern to the local branch. Lanborn who was well known as a successful bond agent has been placed in the bond department. He will be outside man and will handle some of the concern's important transactions.

### VALUABLES STOLEN.

SAN FRANCISCO, April 9.—Mrs. V. Larm of 1257 Page street reports the burglary of her apartment and the theft of \$152 in valuables.

### Suffragette Methods Were Unnecessary at Club Banquet

CHICAGO, April 9.—Men in attendance at the annual banquet and ball of the Ben Franklin Club of Chicago last night paused in apprehension of British militancy when after dessert a protest was raised against smoking. "Waiters were ready to circulate among the men, but held back with their cigars and cigarettes when the protest was heard. An embarrassing situation was relieved when the president left it to a vote of the women as to whether there should be smoking. The result was as follows: Pro and no vote, 16; against smoking, 17; for smoking, 125. "That shows them up," said one woman. "Our sisters in England can starve to death for a cause, but these mere men start on the run when their smoking privilege is jeopardized."

### ALASKA DOGS TO RACE 412 MILES

**Berkeley Woman Owner of the  
Favorite Team; Ran Course  
Before in 87 Hours.**

NOME, April 9.—The entry list closed yesterday for the all-Alaska sweepstakes dog team race, the great event of the dog racing circles, which will start at 9 o'clock Thursday morning over the snow trail from Nome to Candle and return, a distance of 412 miles.

Five teams have been entered. They are those owned by Mrs. C. E. Darling of Berkeley and A. A. ("Scotty") Allan, Russell Bowden and Fay Del-sent, John Johnson, Max Gottschalk and Eloyak, a native driver.

The Darling-Allan dogs, which won the races in 1911 and 1912, will be driven by Allan, who is the favorite in the betting.

The weather is clear and cold, the finest possible for making fast time.

The record for the 412 miles is held by John Johnson, who won the 1910 race in 74 hours 14 minutes and 14 seconds. Allan's time last year was 87 hours and 32 minutes.

### BOILS-PIMPLES- ABCESSES

**All Evidence of Impure Blood  
and a Run-Down  
Condition.**

When the blood becomes thin, poor, devitalized nature cries out through such external and often painful evidence for help, and the safest, surest and most helpful remedy, we know is Vinol.

This is because it is a combination of the two most world-famed tonics—the medicinal curative elements of cod liver oil (without the oil) and tonic iron for the blood. Vinol strengthens the digestive organs, creates a hearty appetite, purifies and enriches the blood, creates strength. "Ever since childhood I have been delicate, and my blood poor, thin and devitalized. Nothing seemed to help me until I took Vinol and it has built me up and made me strong."

We say positively there is nothing like Vinol to purify and enrich the blood and build up your system. We will return your money. The Owl Drug Co., Oakland, Cal.

### FRANCOIS SINGS FOR PRISONERS

**Hotel Oakland Troubadour  
Writes From Pueblo, Colo.,  
of Walk.**

Francois, the Troubadour, who is traveling on foot from the Hotel Oakland, this city, to the Waldorf Astoria, New York City, and paying his way by singing, writes to THE TRIBUNE from Canyon City, Colo., under date of April 1. He had walked from Pueblo, Colo., to Canyon City, a distance of 35 miles, in one day. Franco reports spending one of the most delightful weeks of his trip in Pueblo, where he was the guest of the management of the Hotel Congress.

At Canyon City he was the guest of Mr. and Mrs. A. Lamoureux. With the manager of the Princess theater there, where he appeared as a troubadour, he visited various places of interest, including the famous Royal Gorge, the tunnel drive and also the famous "Skyline" drive, "Hell's Half-Acre," the State penitentiary, and other places.

On the Sunday morning following his arrival in Canyon City, Franco gave a complimentary song recital to the prisoners in the prison chapel, assisted by a local pianist.

"The weather here is beautiful," Franco says in conclusion, "and I am having a delightful time."

### POLO PLAYER'S CASE HELD FOR INVESTIGATION

BURLINGAME, April 9.—Herbert Payne, polo player and chairman of the peninsula, who was arrested for speeding in Burlingame, appeared before City Recorder Meyer for sentence yesterday, but before pronouncing judgment the court insisted upon knowing all about Payne's former automobile escapades.

"How many times have you been arrested for speeding in this county?" demanded the agent of the law. "Never before," answered Payne, solemnly. "Well, I've heard a different tale and I intend to look it up," said Meyer, and he postponed the case until Saturday morning.

### DR. COOK EJECTED FROM SAN DIEGO HOTEL

SAN DIEGO, April 8.—Ejected from the U. S. Grant hotel, alleged inebriate of the house rules, Dr. Frederick Cook, the noted Arctic explorer, left the city, stewing behind him threats of damage suits against the hotel. That he, try to Neither he nor House Detective Stewart would discuss the incident of ejection. The hotel management, in response to Dr. Cook's threats of lawsuits, says he may go as far as he likes.

CAPTAIN HALSEY DIES.  
BRIELLE, N. J., April 9.—Thomas C. F. Halsey, who was commander of the Southern Pacific line of steamers up to his retirement six years ago, died from heart failure today. Captain Halsey, at various times commanded most of the company's steamships. He was 63 years old.

### MANY FAIL TO SEE HISTORY IN MAKING

**Inadequacy of House Gallery  
Seating Arrangements  
Criticized.**

WASHINGTON, April 9.—While praise was heard on every hand today for the manner in which the history-making event in Congress yesterday was handled, there is much criticism of the inadequacy of the gallery seating arrangements in the House. Many who had expected admission to the galleries to hear President Wilson's address were unable to do so. Others experienced great difficulty in finding places.

Mrs. Thomas R. Marshall, wife of the vice-president, with three friends was one of those who met this condition when she appeared in the House corridors. She was barred from the executive gallery because it was dangerously crowded. Appealing to Representative Flood, whose committee room is directly opposite the gallery door, she remained with her party while the Virginian made a personal fight for a place for her. Finally he was successful, but Mrs. Marshall's friends were forced to remain outside.

Conditions in the diplomatic gallery were equally as bad. Ambassador and Mrs. Bryce had difficulty in obtaining seats in the third row back, and Ambassador and Mrs. Jusserand of France came near being barred from entering at all. One minister and the first secretary from a big embassy were refused admittance altogether.

### TRIAL IS SET.

STOCKTON, April 9.—Judge Plummer yesterday set the trial of John M. Golins against the Southern Pacific railroad for \$100,000 damages for the first Monday in May. Golins is suing for the loss of a foot, caused by falling from a train in Lodi.

### BABY'S FACE ONE SORE WITH ECZEMA

Cried for Hours, Could Not Sleep.  
Resinol Brought Rest and Cure.

Reading, Pa.—"My baby girl had eczema for over six months. It was painful and itching, she could not sleep day or night, she would scratch till blood and water would run down her neck. Then it burned her so she cried for hours at a time. The right side of her face was one sore and scab."

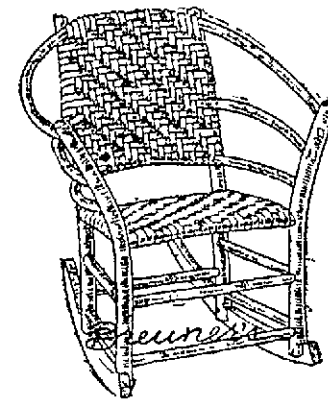

"I got the samples of Resinol Soap and put them on, and put them on again in the afternoon and in the evening before I put her to bed, and she went to sleep and slept till next morning. I thought I was in heaven the first night, and by Monday the eczema was dried up, and she was as healthy as a baby."

### THREE ELECTIONS SOON IN SOUTH

**Bond Projects Will Be Voted  
on at City of Los Angeles.**

LOS ANGELES, April 9.—The three approaching elections for Los Angeles are attracting wide interest among the voters. The bond election will be held April 15, with eight bond propositions to be voted on, six of them relating to issues for the construction or acquisition of revenue producing utilities. These are:

No. 1, an issue for power distribution; Nos. 2, 3 and 4, issues for distributing the aqueduct water; No. 5, an issue for harbor development, and No. 7, an issue for building the municipal harbor railway.

Issue No. 2 on the ballot for \$1,500,000 for building the Los Angeles trunk line, a conduit to bring water from the aqueduct into the city. No. 5 on the ballot is for the issuance of bonds for \$2,500,000 for harbor improvements.

The primary nominating election will be held May 6, and the general election will be held June 3. The active campaigning of John W. Shenk for mayor will probably be postponed until after the bond election, April 15. Preliminary steps to a whirlwind campaign that will present the anti-Socialist doctrine of the Municipal Conference to the people are being planned, and, while the committee has not made any announcements, it is stated that individual members have been hard at work preparing the foundation for a campaign such as never before has been seen in this city.

### SAN LEANDRO BOARD TO CONTRIBUTE RELIEF

SAN LEANDRO, April 9.—The town trustees have decided to give \$50 to the local flood committee. The committee, consisting of Judges D. U. Toffelmier, Harris Jones and William Zambresky, have arranged for a benefit entertainment which will be held in the Bio theater tonight. An attractive program has been arranged, and will be contributed to by the Jones orchestra of twelve pieces, Harris E. Jones, who will give a monologue, Charles Reid and George Calfee will render vocal solos.

### MAINE'S MAST TO MARK GRAVES OF VICTIMS

WASHINGTON, April 9.—The mast of the old battleship Maine rests today in Arlington National cemetery and will be raised as a shaft to mark that section of the National burning ground in which repose the bones of the victims of the disaster who went down with the ship in Havana harbor. These were interred with impressive honors about a year ago.

### OAKLAND BOARD VOTED THANKS

**The Teachers' Club Discusses  
Many Matters at Big  
Meeting.**

The Oakland Teachers' Club held its regular business meeting at Chabot Hall Tuesday. There was a discussion of the teachers' annuity and retirement bill which is at present in Senate and Assembly Committees in Sacramento, and from which the teachers are hoping, will come a bill which Governor Johnson will sign. There was also an explanation by County Superintendent of Schools Fricke as to why the teachers' warrants were not paid on the first of the month. A note of thanks was given the Oakland Board of Education for its ruling which gives a teacher who is absent from school because of personal illness a part of her salary, which she would otherwise lose.

### AVIATOR KILLED.

SAIGON, French Cochinchina, April 9.—A French aviator, Georges Veronick, while making a flight, fell with his aeroplane near Mitho, on the Mekong river, today, and was killed.

### MAKES YOUR BACKACHE VANISH, DRIVES ALL RHEUMATIC PAINS AWAY

**New Discovery Eases Stiff, Sore, Swollen Joints and Muscles  
Relieving Backache and Bladder Disorders  
After Few Doses Are Taken.**

No matter how badly you suffer, how chronic your case may be, or what has failed to cure you, your pains will leave, your aches vanish and the torturous, killing backache or rheumatism will bother you no more. This is what Croxone, the new scientific discovery, does for sufferers of such troubles. It cures these diseases because it reaches the cause and removes it. It soaks right into the walls and linings of the kidneys and cleans out the stopped-up, inactive organs like water does a sponge—neutralizes and dissolves every particle of uric acid and makes the kidneys sit from the blood all the waste matter and poisons that lodge in the joints and cause the catching and tearing and cause rheumatism. It soothes and heals the delicate linings of the bladder and leaves the kidneys in a clean,

strong, healthy condition, so they can filter the blood and keep you well. If you suffer with backache—have pains in the neck or sides—nervous or dizzy spells—a few doses of Croxone will relieve the congestion and you will be surprised how quickly all kidney, bladder and rheumatic troubles will disappear. Croxone is different from all other remedies. It is not like anything else on earth ever used for the purpose. It starts to work the minute you take it and relieves your suffering the very first time you use it. It is so prepared that it is practically impossible to take it into the human system without results. You can secure an original package of Croxone at trifling cost from any first class druggist. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.
